In this third book of the Sundering series kicked off by R.A. Salvatore and the dark elf Drizzt, SCRIBE award-winning author Erin M. Evans thrusts her signature character Farideh into a maelstrom of devilish politics and magical intrigue that will have far-reaching implications for the future of the Forgotten Realms. As the chaos of the Sundering rages around her, young warlock Farideh faces a more personal turmoil wrought by a deal she made with a devil years ago. Hoping to protect her twin sister, she leaves everything she holds dear to assist a wizard in a scheme that pits the devils of the Nine Hells against the gods above. But when Farideh casts the spell to enter the wizard's remote mountaintop fortress, she picks up a stowaway—a Harper agent named Dahl who isn't so inclined to follow devilish demands. Dahl attempts to escape only to run into a village of odd people, lurking behind an impenetrable wall. Forced to gaze into the villagers' souls, Farideh points out the ones who seem different, only to watch as the wizard's guard carts them off to fates unknown. Are these villagers or prisoners? Are they blessed or doomed by the gods? As the wizard's guessing game proves more and more diabolical, Farideh resolves to unravel his secrets—even if it means she'll lose her own soul to the Nine Hells. From the Hardcover edition.

What determines the number and size of the seeds produced by a plant? How often should it reproduce them? How often should a plant produce them? Why and how are seeds dispersed, and what are the implications for the diversity and composition of vegetation? These are just some of the questions tackled in this wide-ranging review of the role of seeds in the ecology of plants. The authors bring together information on the ecological aspects of seed biology, starting with a consideration of reproductive strategies in seed plants and progressing through the life cycle, covering seed maturation, dispersal, storage in the soil, dormancy, germination, seedling establishment, and regeneration in the field. The text encompasses a wide range of concepts of general relevance to plant ecology, reflecting the central role that the study of seed ecology has played in elucidating many fundamental aspects of plant community function.

Baldur's Gate is a fantastic medieval city with a long and storied history -- a city on the verge of tearing itself asunder. Murder in Baldur's Gate presents the city in the time of the Sundering, a period that will define the future of the Forgotten Realms. In addition to providing 64 pages of in-depth information on the city and its inhabitants, this product includes a harrowing 32-page adventure in which the player characters defend Baldur's Gate against an ancient evil long thought slain.

Information technology has changed how businesses operate and succeed in today's global economy. Organizations can now use IT to transform themselves and achieve a tremendous competitive advantage. Information Technology for Management: Transforming Organizations in the Digital Economy, Seventh Edition highlights how this new technology is changing the current business environment and what effect it has on today's students. The text addresses the major principles of MIS in order to prepare managers to understand the role of information technology in the digital economy. Revised and updated for a junior or senior level MIS or MBA course, this title will give students what they need to succeed in the emerging digital economy.

"This is one of the best texts I have seen in a while...It makes the world of criminology less daunting and more relevant." —Allyson S. Maida, St. John's University Introduction to Criminology, Tenth Edition, is a comprehensive introduction to the study of criminology, focusing on the vital core areas of the field—theory, method, and criminal behavior. With more attention to crime typologies than most introductory texts, Hagan and Daigle investigate all forms of criminal activity, such as organized crime, white collar crime, political crime, and environmental crime. The methods of operation, the effects on society and policy decisions, and the connection between theory and criminal behavior are all explained in a clear, accessible manner. A collection of poems on the holidays of the year, from New Year's Day through Martin Luther King Day, Passover, Labor Day, Halloween, and others, to Christmas Eve.

The Holy Spirit is often portrayed as something "weird." But the Bible makes it clear that the Spirit is not something. He is someone—a Person who has promised to never leave your side. John Bevere invites you into a personal discovery of the most ignored and misunderstood Person in the Church: the Holy Spirit.

We're a society on the go. It seems we have more ways than ever to communicate with each other. And yet, despite the technology of texting, instant messages, cell phones, and video conferencing, our relationships often suffer from lack of quality communication. The answer is not better usage of technology, but rather in using a timely treasure...the table! With a militia of nobles, templars, and slaves, Rikus, the man-dwarf gladiator who sparked the rebellion that plunged the Free City into chaos, must save the city of Tyr from the armies of Urik, the sorcerer-king, in the sequel to The Verdant Passage. Reprint. 15,000 first printing.

This book is the first of a series of How To Pass OSCP books and focus on techniques used in Windows Privilege Escalation. This is a step-by-step guide that walks you through the whole process of how to escalate privilege in Windows environment using many common techniques. We start by gathering as much information about the target as possible either manually or using automated scripts. Next, we search for misconfigured services or scheduled tasks, insufficient file permission on binaries or services, vulnerable kernel, vulnerable software running with high privileges,

Byers introduces Anton Marivaldi—a renowned reaver with an insatiable thirst for bounty and a moral compass that always leads him toward the evil he's never tried. Endless, pounding rain afflict the Sea of Fallen Stars and the coastal regions surrounding it. Harvests are failing, travel and trade are disrupted, and civilized forces are giving way to the deluges caused by the storms. In panic and despair, many have turned to the goddess Umberlee, Queen of the Deeps, offering her sacrifices with hope that they will be spared the inevitable reckoning of her perpetual tempest. Evendur Highcastle, undead pirate captain, risen from the depths to assume the mantle of Umberlee's Chosen, takes advantage of the people's desperation to strike for both spiritual and temporal power in her name. Vying with Highcastle for the hearts and minds of the people is Stedd Whitehorn, a little boy and the chosen of a god thought lost to time: Lathander, the Morninglord. In a time of such upheaval, Stedd's message of renewal and hope runs in stark contrast to the savage ethos of Highcastle and his waveservants. When Anton captures the boy in order to collect Highcastle's considerable bounty, the reaver is quickly caught in the riptide caused by the sundering of worlds.

This book constitutes the refereed proceedings of the nine workshops co-located with the 15th International Conference on Practical Applications of Agents and Multi-Agent Systems, PAAMS 2017, held in Porto, Portugal, in June 2017. The 41 full papers presented were carefully reviewed and selected from 80 submissions. The volume presents the papers that have been accepted for the following workshops: Workshop on Agent based Applications for Air Transport and Application of Agents to Passenger Transport; Workshop on Agent-based Artificial Markets Computational Economics; Workshop on Agents and Multi-agent Systems for AAL and e-HEALTH; Workshop on Agent-Based Solutions for Manufacturing and Supply Chain; Workshop on MAS for Complex Networks and Social Computation; Workshop on Decision Making in Dynamic Information Environments; Workshop on Multi-agent based Applications for Smart Grids and Sustainable Energy Systems; Workshop on Multiagent System based Learning Environments; Workshop on Smart Cities and Intelligent Agents.

The Complete adventures of John Difoole continue as the investigation into the mysterious birth rate in the Red Ring continues. In this volume, John stumbles across several overwhelming obstacles including the involvement of the Prez, the robocops, and the Techno pope in a grand conspiracy, becoming a professional detective and falling in love. If all of this wasn't enough, this volume of the series also features tons of actions and the deaths of several characters. A must-read chapter in one of the most acclaimed sci-fi stories in the world.

This book includes research papers submitted to and presented during the first international conference on Cultural Sustainable Tourism (CST) that was held in Thessaloniki, Greece in November of 2017. Discussing complex relations between Culture, tourism, and the role of planners and architects in their maintenance, this conference was jointly organized by IEREK –International Experts for Research Enrichment and Knowledge Exchange- and Aristotle University of Thessaloniki. The conference was an attempt to shed a light on the significance of Culture and Heritage as two important factors attracting tourists and promoting economic growth and convey civilizations through tourism. Themes covered in this book give an overview on current research and topics of discussion that focus on Cultural sustainable tourism through several sections. The first section, titled "Art, Architecture and Culture", discusses urban regeneration as a road to the preservation of cultural and tourist destinations and the importance of understanding and benefitting from our heritage to allow for modern day improvements. "Heritage Tourism", the section 2 of the book, is more focused on offering nontraditional solutions and management plans to sustain cultural tourism and improve quality of life around historically significant areas. The third section on the "City and Rural Tourism" follows by providing sustainable strategies to attract tourists and promoting the use of existing resources. The last and final section with the title of "Sustainable Tourism, Development and Environmental Management" maneuvers around the different yet common environmental issues existing today and proposes new and innovative solutions for their elimination. Presenting a wide range of topics in chapters, this book provides the scientific community with a collection of unique and enlightening literature. Documents toxic substances in use in our environment and discusses their effects on our environment.

Journey into the Labyrinth details the forgotten role of the Earth and humanity, giving the reader new perspectives on the history of our species. Drawing from records from the hidden sacred libraries of Earth, lost civilizations and the wisdoms preserved by the indigenous peoples of the Earth, this book reveals a staggering older past than you may have ever imagined.

Live with eternity in view! You were created with eternity in your heart. This is why you have an inner knowledge of a greater existence beyond this life on earth. This 40-day devotional is inspired by *Driven by Eternity: Make Your Life Count Today and Forever* by best-selling author John Beveré. In it he shares compelling principles on how to live with hope and assurance that will carry you through to eternity. Each day contains a devotional reading inspired by the book, additional Scriptures for study, an eternity truth, key action steps and points of reflection, and a personal prayer. It is easy to get stuck in the busyness of life and miss what's most important. Everyone will stand before Jesus Christ at the end of time, and those who have followed Him will receive eternal rewards. Many will be shocked to learn that the majority of their time was spent on things that won't matter. How can you be ready to stand confidently before Christ? This devotional will instruct you how to maintain an eternal perspective inspire you to work for the things that will endure till the end. Keep in sight the reward Christ has for you as you follow Him with all of your heart, mind, soul, and strength.

The GodbornThe SunderingWizards of the Coast

Ida May finally fits in at school after becoming best friends with Stacey Merriweather, who is universally liked by their classmates. But then Ida's frenemy, bossy Jenna Drews, brings in a game of truth or dare, and all the girls are suddenly daring one another to misbehave. When Ida finds herself in the principal's office, she's scared into ratting out her friends and gets frozen out of the group. The only way she can fix things is to take a triple-dog dare: letting one of the girls pierce her ears. Will her BFF come to her rescue, or is this the perfect job for a frenemy? Packed with fourth-grade jealousies, problems, misbehavior, and consequences, this third book about Ida May stands on its own.

Presents two previously published manga volumes in which timid Indiana fifth-grader Timmy McAllister obtains his very own ninja to face the bullies and snobs of L. Frank Baum Elementary School.

Book Three of the Magic Kingdom—of Landover Series It all began when the half-able wizard Questor Thews announced that finally he could restore the Court Scribe Abernathy to human form. It was his spell that had turned Abernathy into a Wheaten Terrier—though with hands and able to talk. All went well—until the wizard breathed the magic dust of his spell and suddenly sneezed. Then, where Abernathy had stood, there was only a bottle containing a particularly evil imp. It had been in the collection of Michael Ard Rhi, former King of Landover, now exiled to Earth. Abernathy must now be a part of that collection! High Lord Ben Holiday set forth for Earth, taking his green but beautiful love, Willow, with him. Unfortunately, they were long in returning. And

without the soil in which to root as a tree at times, Willow could not long survive. That left it up to Questor Thews to save them. Grimly he set out to seek help, knowing himself to be incompetent. And to make things worse, the imp had escaped and sought the help of the evil witch Nightshade, now back from exile in Faerie. Questor's only idea seemed impossible, but . . .

In the fifth book of the multi-author Sundering series, New York Times best-selling author Troy Denning sends an embittered paladin, Kleef Kenric, on a quest to stop evil forces from taking advantage of the chaos rolling across the land of Faerûn and claiming dominion over the entirety of the Realms. Stubbornly clinging to his family's worship of a long-forgotten god, Kleef Kenric soon discovers that his god has blessed him with divine gifts, making him one of a new group of Chosen cropping up around the Realms. This divine gift makes him an excellent ally—and a target for those who wish corral his powers. After battling his way out Marsember, a city besieged on all sides in the wake of the Sundering, he becomes swept up in the mission of a group of odd allies—a warrior noblewoman, an accomplished thief, and a mysterious short pudgy man exuding a faint odor of decay. With the forces of Shade tracking their every step, they travel to the Underdark to thwart the rise of the goddess of Death, but before long Kleef learns that his allies hide dangerous secrets—secrets that could destroy not only Kleef but the very fabric of the Forgotten Realms.
