The capacity to comply with abusive authority is humanity's fatal flaw. Fortunately, within the human family there are anti-

authoritarians—people comfortable questioning the legitimacy of authority and challenging and resisting its illegitimate forms. However, as *Resisting Illegitimate Authority* reveals, authoritarians attempt to marginalize anti-authoritarians, who are scorned, shunned, financially punished, psychopathologized, criminalized, and even assassinated. Profiling a diverse group of U.S. anti-authoritarians—including Thomas Paine, Ralph Nader, Malcolm X, and Lenny Bruce—in order to glean useful lessons from their lives, *No Badges* is the first self-help manual for anti-authoritarians. Discussing anti-authoritarian approaches to depression, relationships, and parenting, it provides political, spiritual, philosophical, and psychological tools to help those suffering violence and marginalization in a society whose most ardent cheerleaders for “freedom” are often its most obedient and docile citizens. *Resisting Illegitimate Authority* is about bigotry, but not bigotry directed at race, religion, gender, or sexual preference. It is about bigotry directed at rebellious personalities and temperaments.
