Romance author Hannah Bircham had made it. She was living the dream; a successful writing career, a loving husband, and dream home. Life couldn't get better. But it could get worse. And it did. The dream ended. And life as she knew it took a turn into Destitute City, party of one. Divorced, lost, and worst of all, a neurotic anxiety-ridden mess, Hannah's focus and admirations disappeared. Feeling down on her luck, Hannah lost her mojo, her gift of writing. How did one write about love when they'd stopped believing in it? Hannah could either make up the perfect muse, or make it her mission to meet him. She just needed a little push. With encouragement from her best friend, Hannah decided to join a dating app, convinced she wouldn't find Mr. Forever, but maybe, at the very least, she'd find her inspiration. A muse. Enter Wren Marner. The complicated, sexy alpha veteran with his trunk of accomplishments and adventures walked, talked, and looked as if he'd just stepped out of a sultry romance novel. He was every woman's fantasy and at the same time, the man one knew they should stay away from. Filled with equal parts fear and fascination, Hannah threw caution to the wind, but what she experienced terrified her like never before. Still, she forged forward. But with all the wonder of Wren also came a reality Hannah didn't know how to handle. She told herself he was merely work, but the truth was she was falling for him. And that couldn't happen. But walking away from him wasn't possible either, when he was her muse. With her future on the line, she had to decide: As she entered the next chapter in her life, did she delve deeper with Wren in hopes of saving her career, or run in hopes of saving her heart?

Everyone calls them the 3D brothers. Dane, Dylan, and Drew are triplets. It's almost impossible to tell them apart. Dark. Daring. Defined. They leave me dazed. The other D's I hear whispered on the wind are what make me hotter than a BBQ in Satan's backyard. Devilish. Depraved. Deviant. I know they like to share more than just a family bucket of KFC and I can't help but wish it was me they thought was finger licking good. It's the other D's that come to mind that leave me Delirious. I've seen them in their boxers, sauntering around the house like I'm not even there. I try not to look but Damn! Then I overhear them talking and suddenly I find out I'm the object of their Desire and it's time to make a Decision that will change my life for good. The sequel to the wildly popular romantic comedy SINGLE DAD ON TOP has arrived. I'm always on top. My penthouse. My corporate office over Manhattan. And now, my family. Well, as long as baby Grace isn't fussing. And my wife-to-be Arianna doesn't need me for something. Okay, maybe things have evened out a bit. But now Arianna wants to meet my parents. They live in a trailer. Dad thinks Playboy T-shirts are classy because the naked women are silhouettes. Mom has a tattoo of a dog humping a palm tree. I don't think either one has said a sentence without an f-bomb since 1985. I changed my name a long time ago. Started a new life with a clean slate and never looked back. I don't know how to mend that bridge. Or why there's a pig-on-a-spit at their surprise engagement party. Or how Arianna and I ended up wearing matching "Ball and Chain" bride and groom shirts. But you don't get to choose your parents. And in my family, crazy is definitely relative. \_\_\_\_ While Single Dad Plus One could probably stand alone, a lot of the humor builds on book one, Single Dad on Top. We recommend reading them in order.
