Pearly Flats, Hidden among the great novels of our time comes an epic tale of good versus evil. Charles Fetters'..... Pearly Flats is the first of a 3 volume set. This adventure pits the Organization, Pearly Flats International, against the greed that suffocates the life of all common people. This novel takes the reader inside the Organization itself, from its infancy in a small office in Canada to its Super Power status.... on the World stage. It gives one the experience of joining the front row seat to the day to day struggles, fear, and anxiety of the largest rebellion in World history. In the beginning the World Powers brush the Organization aside as an other terrorist group. When Pearly Flats flexes its muscles it leaves them dazed and confused. However..... the powers to be soon regroup and the Organization discovers the makings of World War 3. Outgunned several times over Pearly Flats has only one advantage, the element of surprise. Pearly Flats

Graphic Violence provides an innovative introduction to the relationship between violence and visual media, discussing how media consumers and producers can think critically about and interact with violent visual content. It comprehensively surveys predominant theories of media violence and the research supporting and challenging them, addressing issues ranging from social learning, to representations of war and terrorism, to gender and hyper-masculinity. Each chapter features original artwork presenting a story in the style of a graphic novel to demonstrate the concepts at hand. Truly unique in its approach to the subject and medium, this volume is an excellent resource for undergraduate students of communication and media theory as well as anyone interested in understanding the causes and effects of violence in media.

KLR650 (2008-2012),

Evil comes in many guises. Joseph Stalin said that "Death is the solution to all  
problems. No man - no problem." He also said; "One death is a tragedy; one million is a

statistic." Stalin; like his entire ilk, accepted that there is no more guilt for multiple killings than for just one. Evil the encyclopedia tells us is morally reprehensible: sinful or wicked. Innocence on the other hand is defined as not being corrupted or tainted with evil or unpleasant emotion; sinless; pure. From these definitions we would then assume that the two; Evil and Innocence, could not cohabit in the same host. Evil Innocence will cause you to question that assertion. Murder is the personification of evil. There is no excuse, there is no way that murder is committed out of innocence. "Evil Innocence" will challenge your understanding of innocence as retired Detective Inspector Len Potter has to reconcile his past assumption that Henry Papford was responsible for the serial killing of six young women.

Haynes writes every book based on a complete teardown of the vehicle, where we learn the best ways to do a job and that makes it quicker, easier and cheaper for you. Haynes books have clear instructions and hundreds of photographs that show each step. Whether you are a beginner or a pro, you can save big with a Haynes manual! This manual features complete coverage for your Honda MSX125 motorcycle built between 2013 and 2018, covering: Routine maintenance Tune-up procedures Engine repair Cooling and heating Air conditioning Fuel and exhaust Emissions control Ignition Brakes Suspension and steering Electrical systems, and Wiring diagrams. With fuel costs and parking charges it's no wonder the consumer is looking for less expensive forms of travel. This book is aimed at the rider who wants to do his or her own basic scooter maintenance and servicing without the need for in-depth mechanical knowledge, or a technical manual. It covers areas such as oil, brakes, tyres, transmission, electrics, etc, allowing the owner to address the most regularly serviced items without forking out for additional costs. Illustrated with full colour photographs throughout, and featuring clear, easy-to-follow instructions, this book is a must-have for scooter users.

Take a full-throttle tour through more than a century of Harley-Davidson history with this definitive e-guide. The Ultimate Harley-Davidson tells the story of the world's greatest motorcycle make--from its origins in a backyard shed to the international company it is today, more than 100 years later. From the early bikes and their key innovations to the v-rods and sports bikes of recent years, it is the complete e-guide for lovers of this American classic. Gloriously illustrated gallery spreads showcase more than 70 of the best-loved Harleys ever created, drawing out their defining features. Spectacular close-ups of key engines explain how the classic Harleys ran, while an updated catalog of every production model provides technical data and key specs for each bike. Whether you're an easy rider or born to be wild--or just mad about motorcycles--there is only one Harley-Davidson, and this is the ebook for you.
