In her first memoir, the Academy Award-winning actress Sophia Loren tells her incredible life story from the struggles of her childhood in war-torn Naples to her life as a screen legend, icon of elegance, and devoted mother. In her acting career spanning more than six decades, Sophia Loren became known for her striking beauty and dramatic roles with famed costars Cary Grant, Frank Sinatra, Marlon Brando, Gregory Peck, Jack Lemmon, and Paul Newman. The luminous Italian movie star was the first artist to win an Oscar for a foreign language performance, after which she continued a vibrant and varied career that took her from Hollywood to Paris to Italy—and back to Hollywood. In *Yesterday, Today, and Tomorrow*, Loren shares vivid memories of work, love, and family with winning candor. Born in 1934 and growing up in World War II Italy, Loren's life of glamour and success was preceded by years of poverty and hardship, when she lived in her grandparents' house with her single mother and sister, and endured near starvation. She shares how she blossomed from a toothpick-thin girl into a beautiful woman seemingly overnight, getting her start by winning a beauty pageant; and how her first Hollywood film, *The Pride and the Passion*, ignited a high-profile romance with Cary Grant, who would vie with her mentor, friend, frequent producer, and lover Carlo Ponti to become her husband. Loren also reveals her long-held desire to become a mother, the disappointments she suffered, the ultimate joy of having two sons, and her happiness as a mother and grandmother. From trying times to triumphant ones, this scintillating autobiography paints a multi-dimensional portrait of the woman behind the celebrity, beginning each chapter with a letter, photograph, or object that prompts her memories. In Loren's own words, this is a collection of "unpublished memories, curious anecdotes, tiny secrets told, all of which spring from a box found by chance, a precious treasure trove filled with emotions, experiences, adventures." Her wise and candid voice speaks from the pages with riveting detail and sharp humor. *Yesterday, Today, and Tomorrow* is as elegant, entrancing, and memorable as Sophia Loren herself.

From iconic NBA All-Star Carmelo Anthony comes a New York Times bestselling memoir about growing up in the housing projects of Red Hook and Baltimore—a brutal world *Where Tomorrows Aren't Promised*. For a long time, Carmelo Anthony's world wasn't any larger than the view of the hoopers and hustlers he watched from the side window of his family's first-floor project apartment in Red Hook, Brooklyn. He couldn't dream any bigger than emulating his older brothers and cousin, much less going on to become a basketball champion on the world

stage. He faced palpable dangers growing up in the housing projects of Red Hook and West Baltimore's Murphy Homes (a.k.a. Murder Homes, subject of HBO's *The Wire*). He navigated an education system that ignored, exploited, or ostracized him. He suffered the untimely deaths of his closely held loved ones. He struggled to survive physically and emotionally. But with the strength of family and the guidance of key mentors on the streets and on the court, he pushed past lethal odds to endure and thrive. By the time Carmelo found himself at the NBA Draft at Madison Square Garden in 2003 preparing to embark on his legendary career, he wondered: How did a kid who'd had so many hopes, dreams, and expectations beaten out of him by a world of violence, poverty, and racism make it here at all? Carmelo's story is one of strength and determination; of dribbling past players bigger and tougher than him, while also weaving around vial caps and needles strewn across the court; where dealers and junkies lined one side of the asphalt and kids playing jacks and Double Dutch lined the other; where rims had no nets, and you better not call a foul—a place Where Tomorrows Aren't Promised.

Anne Lamott claims the two best prayers she knows are: "Help me, help me, help me" and "Thank you, thank you, thank you." She has a friend whose morning prayer each day is "Whatever," and whose evening prayer is "Oh, well." Anne thinks of Jesus as "Casper the friendly savior" and describes God as "one crafty mother." Despite--or because of--her irreverence, faith is a natural subject for Anne Lamott. Since *Operating Instructions* and *Bird by Bird*, her fans have been waiting for her to write the book that explained how she came to the big-hearted, grateful, generous faith that she so often alluded to in her two earlier nonfiction books. The people in Anne Lamott's real life are like beloved characters in a favorite series for her readers--her friend Pammy, her son, Sam, and the many funny and wise folks who attend her church are all familiar. And *Traveling Mercies* is a welcome return to those lives, as well as an introduction to new companions Lamott treats with the same candor, insight, and tenderness. Lamott's faith isn't about easy answers, which is part of what endears her to believers as well as nonbelievers. Against all odds, she came to believe in God and then, even more miraculously, in herself. As she puts it, "My coming to faith did not start with a leap but rather a series of staggers." At once tough, personal, affectionate, wise, and very funny, *Traveling Mercies* tells in exuberant detail how Anne Lamott learned to shine the light of faith on the darkest part of ordinary life, exposing surprising pockets of meaning and hope.

Newbery Honoree Pam Muñoz Ryan weaves an entrancing tale of courage and self-discovery.

Drawing on his unprecedented access to Grace Kelly, bestselling biographer Donald Spoto at last offers an intimate, honest, and authoritative portrait of one of Hollywood's legendary actresses. In just seven years—from 1950 through 1956—Grace Kelly embarked on a whirlwind career that included roles in eleven movies. From the principled Amy Fowler Kane in *High Noon* to the thrill-seeking Frances Stevens of *To Catch a Thief*, Grace established herself as one of Hollywood's most talented actresses and iconic beauties. Her astonishing career lasted until her retirement at age twenty-six, when she withdrew from stage and screen to marry a European monarch and become a modern, working princess and mother. Based on never-before-published or quoted interviews with Grace and those conducted over many years with her friends and colleagues—from costars James Stewart and Cary Grant to director Alfred Hitchcock—as well as many documents disclosed by her children for the first time, acclaimed biographer Donald Spoto explores the transformation of a convent schoolgirl to New York model, successful television actress, Oscar-winning movie star, and beloved royal. As the princess requested, Spoto waited twenty-five years after her death to write this biography. Now, with honesty and insight, *High Society* reveals the truth of Grace Kelly's personal life, the men she loved, the men she didn't, and what lay behind the façade of her fairy-tale life. From the Hardcover edition.

Anjelica Huston's "gorgeously written" (O, The Oprah Magazine) memoir is "an elegant, funny, and frequently haunting reminiscence of the first two decades of her life...A classic" (Vanity Fair). In her first, dazzling memoir, Anjelica Huston shares the story of her deeply unconventional early life—her enchanted childhood in Ireland, living with her glamorous and artistic mother, educated by tutors and nuns, intrepid on a horse. Huston was raised on an Irish estate to which—between movies—her father, director John Huston, brought his array of extraordinary friends, from Carson McCullers and John Steinbeck to Peter O'Toole and Marlon Brando. In London, where she lived with her mother and brother in the early sixties when her parents separated, Huston encountered the Rolling Stones and Fleetwood Mac. She understudied Marianne Faithfull in Hamlet. Seventeen, striking, precocious, but still young and vulnerable, she was devastated when her mother died in a car crash. Months later she moved to New York, fell in love with the much older, brilliant but disturbed photographer, Bob Richardson, and became a model. Living in the Chelsea Hotel, working with Richard Avedon and other photographers, she navigated a volatile relationship and the dynamic cultural epicenter of New York in the seventies. A Story Lately Told is an "evocative" (The New York Times), "magically beautiful" (The Boston Globe) memoir. Huston's second memoir, Watch Me, will be published in November 2014.

Yesterday, Today, and Tomorrow is Sophia Loren's definitive autobiography, revealing her personal journey from the hardship of her childhood in Naples to her life as a screen legend, sharing stories of work, love, and family. Each chapter begins with a letter, a document, a photograph, or object that prompts her reminiscences. In her own words, these memoirs originated as, "Unpublished memories, curious anecdotes, tiny secrets told, all of which spring from a box found by chance, a precious treasure trove filled with emotions, experiences, adventures." She tells how she got her start by winning a beauty pageant ("La regina del mare") and how her ambition drove her success in cinema before revealing the influence of the producer Carlo Ponti, who cast her in her early roles and later became her husband. *Includes pictures. *Includes Loren's quotes about her life and career. *Includes a bibliography for further reading. "Getting ahead in a difficult profession requires avid faith in yourself. That is why some people with mediocre talent, but with great inner drive, go so much further than people with vastly superior talent." - Sophia Loren Among all the stars in Hollywood, there are few alive who have achieved as iconic a status as Sophia Loren, a stunning beauty whose career started because of an appearance in a beauty pageant in Italy but quickly ascended to the top of the profession. Loren has won every kind of major award, from an Oscar to a Golden Globe, and she has too many lifetime achievements to count. Alongside Shirley Temple and Lauren Bacall, Loren is the only living actress who made the American Film Institute's list as one of the Top 50 actresses of the 20th century, and as one of just 13 on the list born outside the U.S., she is unquestionably Italy's most acclaimed and famous actresses. Loren's glamorous appearances have been seen by millions of viewers over the last 50 years, but few are familiar with what a stark contrast there was between her status as a sex symbol and her difficult childhood. Born in Italy in 1934, Loren's family wasn't well to do, and she came of age during World War II, and being in Italy, her family constantly had to deal with Allied bombing campaigns. In fact, one bombing raid left Loren injured by shrapnel as she attempted to reach shelter. She would later note, "The facts of life are that a child who has seen war cannot be compared with a child who doesn't know what war is except from television." Nevertheless, shortly after the war, she entered a beauty pageant at the age of 14 and was discovered there, leading to a career spanning about 60 years. Sophia Loren: The Life of Italy's Most Famous Actress examines the life and work of one of the world's most famous actresses. Along with pictures of important people, places, and events, you will learn about Loren like never before.

Before speaking at a national political convention about her experiences as a transgender person, the author struggled with the decision to come out - not just to her family but to the students at her university, where she was serving as student body president. She'd known she was a girl from her earliest memories, but it wasn't until a Facebook post announcing her truth went viral that she realized the impact her story could have on the country. Four years later, the author was one of the nation's most prominent transgender activists, walking the halls of the White House, advocating inclusive legislation, and addressing the country in the midst of a heated presidential election. She had also found her first love and future husband, a trans man and fellow activist, who complemented her in every way ... until cancer tragically intervened. This book is the author's story of love and loss and an account of the LGBTQ community's battle for equal rights.--adapted from dust jacket.

Lauder Companies Leonard A. Lauder shares the business and life lessons he learned as well as the adventures he had while helping transform the mom-and-pop business his mother founded in 1946 in the family kitchen into the beloved brand and ultimately into the iconic global prestige beauty company it is today. In its infancy in the 1940s and 50s, the company comprised a handful of products, sold under a single brand in just a few prestigious department stores across the United States. Today, The Estée Lauder Companies constitutes one of the world's leading manufacturers and marketers of prestige skin care, makeup, fragrance and hair care products. It comprises more than 25 brands, whose products are sold in over 150 countries and territories. This growth and success was led by Leonard A. Lauder, Estée Lauder's oldest son, who envisioned and effected this expansion during a remarkable 60-year tenure, including leading the company as CEO and Chairman. In this captivating personal account complete with great stories as only he can tell them, Mr. Lauder, now known as The Estée Lauder Companies' "Chief Teaching Officer," reflects on his childhood, growing up during the Great Depression, the vibrant decades of the post-World War II boom, and his work growing the company into the beauty powerhouse it is today. Mr. Lauder pays loving tribute to his mother Estée Lauder, its eponymous founder, and to the employees of the company, both past and present, while sharing inside stories about the company, including tales of cutthroat rivalry with Charles Revson of Revlon and others. Welcome to my world. My story is written in diary format. I wrote it from June 16, 2013, to June 15, 2014. What I didn't know, as I

was writing, was that I was capturing the last year of my son's life. Pat died, unexpectedly, on July 23, 2014, in a hospital psych ward. Suddenly, my diary morphed into a more poignant record than I'd anticipated, and after he died, I discovered Pat had been making regular posts on Facebook. I decided to add his comments to my own. I like stories where I can extrapolate from the singular to the universal--that is where I can identify with a common denominator in another person's experience. One early reader of my diary said, "Your story is so relatable." That's what I hope other readers will say. You may relate to my story if: You have a child (children) you love more than your own life. You have a child who suffers from serious mental illness. You've lost a child--no matter what age. You're a member of the sandwich generation. You treasure conversations with children--especially when they're your grandchildren. Your cat or your dog is in charge of your household. Your bones are beginning to creak. You wake up each morning with a huge hole in your heart but you know, somehow, some way, you have to get up and put one foot in front of the other. You enjoy reading the other side of history--about ordinary people and their daily lives. You have a sense of humor. You've been thinking of leaving something for your descendants--a letter, story, diary, song, painting, or poem--but you haven't gotten around to it. Maybe my diary will spur you on. More notes about the format: I've added a Before section (Scenes from the Trenches). Going in, I want the reader to know "Yes, Houston, we really do have a problem." I've divided my diary into quarters--Summer, Fall, Winter, Spring. I introduce each with a poem--three of them are Pat's. I end with an After section I didn't see coming. As I was writing, I had no idea, from day to day, what stories were unfolding. I learn, right along with the reader, what will happen next. We're all on a journey. Thank you for going on this journey with me. Dede Dede posted her story in two-week increments at www.soonerthantomorrow.com. The following are readers' responses. Beautiful words with an undertone that has caught me . . . carrying me up and down. Such a good writer that I am grateful to be with you. I can borrow some courage here. --Janet So happy for the readers who will discover you. --Liz Dede, every one of your blog posts has a portion that I love so much that I take a screenshot and read it over and over. --Stacey Dede, I anxiously await each posting from your blog/book. You write with such skill, and not easy when it's so personal, but your passion sprinkled with humor are the reasons that this is successful. --Joan L. I've done this, the primal scream and the mother animal instinct. There can't be anything more painful, not even death. My son was a normal little boy and a normal young man until schizophrenia came calling. Now I feel so shattered. I love your diary. --J.H.D. I only this was a contrived drama. It's so visceral. You're an artist. --Heidi F.

In *The Global Left: Yesterday, Today, Tomorrow*, Immanuel Wallerstein takes stock of the practices of the left, historically in the time of its great ideals and today in the midst of the global crisis of capitalism. He underlines the urgency of seeing the emergence of a global and united left that can pave the way out of the centuries-old domination of capital, considering antisystemic movements, dilemmas of the left in relation to the structural crisis of the modern world-system, and tactics and strategies for political action. The book includes new essays by Étienne Balibar, James K. Galbraith, Johan Galtung, Nilüfer Göle, Pablo González Casanova, and Michel Wieviorka in conversation with Wallerstein's core ideas.
