Based on the true history of the uncrowned kings of Sicily: the story of a family, restless and ambitious, shrewd and determined to be richer and more powerful than anybody else. In this grand, sweeping epic inspired by the real lives of history-making titans, international best-selling author Stefania Auci brings to life the dark secrets, the loves and betrayals, and the cruel acts of revenge that marked the Florio family's century of influence. The Florios arrive in Sicily, with nothing but the clothes on their back after an earthquake destroys their hometown. Against all odds, the family begins anew despite the looming Napoleonic wars and devastating plagues. But when Vincenzo is spurned by his aristocratic lover, he vows to avenge his honor by becoming the wealthiest man in Italy. Sacrificing love and family, he strives to buy what cannot be his by birth. Not to be outdone by the men, the Florio women unapologetically demand their place outside the restraints of caring mothers, alluring lovers, or wounded wives. Giulia, though only a mistress, is fiercely intelligent and runs the empire from the shadows. Angelina, born a bastard, charts her own future against the wishes of her father. In this epic yet intimate tale of power, passion, and revenge, the rise and fall of a family taps into the universal desire to become more than who we are born as.

In the spirit of the mega-selling *On Bullshit*, philosopher Aaron James presents a theory of the asshole that is both intellectually provocative and existentially necessary. What does it mean for someone to be an asshole? The answer is not obvious, despite the fact that we are often personally stuck dealing with people for whom there is no better name. Try as we might to avoid them, assholes are found everywhere—at work, at home, on the road, and in the public sphere.

Encountering one causes great difficulty and personal strain, especially because we often cannot understand why exactly someone should be acting like that. Asshole management begins with asshole understanding. Much as Machiavelli illuminated political strategy for princes, this book finally gives us the concepts to think or say why assholes disturb us so, and explains why such people seem part of the human social condition, especially in an age of raging narcissism and unbridled capitalism. These concepts are also practically useful, as understanding the asshole we are stuck with helps us think constructively about how to handle problems he (and they are mostly all men) presents. We get a better sense of when the asshole is best resisted, and when he is best ignored—a better sense of what is, and what is not, worth fighting for.

Three laugh-out-loud funny short stories, brilliantly illustrated throughout!

From the award-winning creator of *Shh! We Have a Plan* comes a vibrantly colorful story about mustering the courage to try something new. Little Crab and Very Big Crab live in a tiny rock pool near the sea. Today they're going for a dip in the big ocean. "This is going to be so great," says Little Crab, splish-splashing and squelch-squelching along, all the way to the very edge. Then comes a first glance down at the waves. WHOOSH! Maybe it's better if they don't go in? With vivid

colors, bold shapes, and his trademark visual humor, Chris Haughton shows that sometimes a gentle "don't worry, I'm here" can keep tentative little crabs sidestepping ahead -- and help them discover the brilliant worlds that await when they take the plunge.

Jack is Robinson's fourth novel in this now-classic series. In it, Robinson tells the story of John Ames Boughton, the prodigal son of Gilead's Presbyterian minister, and his romance with Della Miles, a high school teacher who is also the child of a preacher. Their deeply felt, tormented, star-crossed interracial romance resonates with all the paradoxes of American life, then and now. Robinson's Gilead novels, which have won one Pulitzer Prize and two National Book Critics Circle Awards, are a vital contribution to contemporary American literature and a revelation of our national character and humanity.

Author Ned Mohan has been a leader in EES education and research for decades. His three-book series on Power Electronics focuses on three essential topics in the power sequence based on applications relevant to this age of sustainable energy such as wind turbines and hybrid electric vehicles. The three topics include power electronics, power systems and electric machines. Key features in the first Edition build on Mohan's successful MNPERE texts; his systems approach which puts dry technical detail in the context of applications; and substantial pedagogical support including PPT's, video clips, animations, clicker questions and a lab manual. It follows a top-down systems-level approach to power electronics to highlight interrelationships between these sub-fields. It's intended to cover fundamental and practical design. This book also follows a building-block approach to power electronics that allows an in-depth discussion of several important topics that are usually left. Topics are carefully sequenced to maintain continuity and interest.

"The Life in Christ by Nicholas Cabasilas is a remarkable product of Byzantium's last great flowering of theology. At a time when secular humanism was increasingly asserting man's complete autonomy, Cabasilas proclaimed that man's true life lies not in himself, but in Christ. For him, man's redemption in Jesus Christ is not just a matter of history, which can be elucidated simply by scholarly endeavor. It is a saving event in which man is called to participate here and now, in body and spirit as well as intellect, through the sacramental life of the Church." "The present translation makes this devotional classic available for the first time in English, while the extensive introduction by Boris Bobrinsky assesses its place within the history of eastern spirituality."--BOOK JACKET. There is a vast body of imaginal literature in Bengali that introduces fictional Sufi saints into the complex mythological world of Hindu gods and goddesses. Dating to the sixteenth century, the stories—p'r katha—are still widely read and performed today. The events that play out rival the fabulations of the Arabian Nights, which has led them to be dismissed as simplistic folktales, yet the work of these stories is profound: they provide fascinating insight into how Islam habituated itself into the cultural life of the Bangla-speaking world. In Witness to Marvels, Tony K. Stewart unearths the dazzling tales of Sufi saints to signal a bold new perspective on the subtle ways Islam assumed its distinctive form in Bengal.

Vorrei condividere con Voi un progetto scritto senza la pretesa di diventare un best seller, ma con la speranza che possa aiutare genitori e figli a raccontarsi ed a raccontare "La Storia" dai mille risvolti ... da leggere in una notte e da amare per la Vita. Con il contributo speciale di Chiara Tuninetti, che ha realizzato le illustrazioni del libro, ecco che Yoda, il piccolo e dolce protagonista, diventa un cucciolo dai tratti famigliari capace di incarnare il cuore pulsante dell'adozione. Una Storia di semplice comprensione ma difficile da accettare, i cui protagonisti sono animati dalla volontà di appartenersi, non senza aver prima attraversato ed integrato le reciproche zone d'ombra. Una Storia di fantasia basata su fatti riconducibili alla realtà, fatti che per la loro verosimiglianza, inevitabilmente indurranno il lettore all'immedesimazione ed alla riflessione. Una Storia nella quale i legami si spezzano per essere

risanati da una relazione aperta all'accoglienza, il cui collante sta nella libertà di SCEGLIERSI, ogni giorno, a dispetto delle difficoltà, tra le gioie e le fatiche di una famiglia che mette al centro la presenza. "Voi innesterete le vostre vite sulla mia crescita selvatica e grazie a voi io rinascerò una seconda volta. Cos' sarò ricco di quattro genitori, due lo saranno della mia carne e due del mio cuore e della mia carne cresciuta. Voi non giudicherete i miei genitori sconosciuti, li ringrazierete e mi aiuterete a rispettarli. Perché dovrò riuscire lo so, ad amarli nell'ombra, se un giorno vorrò poterli amare nella luce."
