

Your Career How To Make It Happen With Career Transitions Printed Access Card

Building Your Career in Psychology is a new practical, aspirational, and experiential book designed to help readers make informed decisions about their college, career, and life success. The primary theme in this book is that psychological knowledge makes a difference in people's lives. Building on this theme, this book provides an empowered process for making the most of college and other career preparation experience, helping the reader to set the stage for academic, career, and life success. This book emphasizes academic skills, unwritten rules, career planning, and developing relationships – both professional and personal. Moreover, this book includes evidence-based career development content and exercises, as well as other resources to assist readers in discovering their own path to a meaningful career and life. Highlights of this book include:

- Discussion of career options at the bachelor's, master's, and doctoral levels
- Forms, handouts, and exercises (both basic and advanced) to facilitate deeper processing and application of content
- References and resources for further information
- Website with additional information, including instructor resources

Recognition and respect for the diversity of people, their experiences, and paths
Featuring the best practices in facilitating career decision-making and planning,
this book is a must read for undergraduate and graduate students in psychology
courses as well as anyone interested in a career in psychology.

It is clear that although the human resource management field has been
drastically affected by global competition over the last twenty years, most of the
research and publications in the field are geared to providing corporations with an
understanding of their business environment. This book takes an entirely different
approach by looking at the job and career markets from the point of view of
individuals who are searching for new strategies to find, develop and manage
their careers in a global environment. Not only does it provide the individual with
the tools necessary to evaluate various domestic and international career
markets, but it also presents strategies to help them package and market their
skills and competencies at home and abroad. With the help of this vital
guidebook to the global job market, readers will:

- Learn how to research national markets to spot new career opportunities
- Find information on dynamic regions and companies where careers are flourishing
- Find out about professional & skill certifications that help with global employment
- Learn how to build and mobilize personal and professional networks
- Learn about international oriented business

Get Free Your Career How To Make It Happen With Career Transitions Printed Access Card

sectors and career opportunities • Identify education and training opportunities at home and abroad • Create practical strategies for developing and managing their career As global competition forces firms to adjust rapidly to changing market conditions, affecting the structure and content of jobs, careers and career markets around the world, the need for individuals to be proactive is becoming clear. This book offers readers the tools they need to evaluate and manage their career environment and personal career profiles, and ultimately, to have a rewarding career.

Ditch the Job for the Dream If you don't love what you do, then it's time to re-think your daily grind and renovate your career. It's time for Career Rehab. This book has the tools you need to go from the job you're in to the career—and the life—you want. In Career Rehab, professional career and life coach Kanika Tolver helps you strip away the fear and doubt holding you back from living your best life and get down to the "good bones" of your resume so you can build your dream career. Tolver outlines simple yet innovative ways to brand, market, and sell yourself into jobs that promote work-life balance, fair compensation, and continuous career development. You'll learn how to: Brand yourself like a product Fearlessly, but softly, resign from a job Identify the right career path for yourself Enhance your professional happiness Leverage your personal passions and

purpose in life This collection of research, success stories, interviews, and case studies will give you a better understanding of how you can find professional and personal bliss. The time is NOW to build your personal brand, network like a hustler, and get the pay you deserve.

The Practical Guide to Building a Career in the Digital Age If Marc Miller could have seen the future when he wrote his first book: Repurpose Your Career, A Practical Guide for Baby Boomers, he might have called it Life As You Know It Is About to Change...A Lot. Since the 2008 economic downturn left many Baby Boomers unable to retire, Marc decided to use his own experiences to help others pivot to a career that would fulfill them for the next 20 years. In his second book, Repurpose Your Career: A Practical Guide for the Second Half of Life he addressed the fact that the people seeking him out weren't all Baby Boomers. Many in Generation X were also either dissatisfied with their careers or were being displaced by ongoing technological and social disruption. Repurpose Your Career third edition responds to another huge shift in work: In this age of disruption, digitization, and the gig economy, people need a new mindset and strategies to become continual learners, create their own flexible careers, and cope with ageism. This book helps them do it. Miller's Career Pivot.com has been listed as a top career site by organizations including Forbes and Career Sherpa,

Get Free Your Career How To Make It Happen With Career Transitions Printed Access Card

and his strategies for a career transition have been featured on Mashable, Life Hacker, Money, Flexjobs and Sixty & Me. His second book was listed as one of the best career books of all time by Book Authority. A "recovering engineer," who spent years working at IBM, Miller's own career journey started when his bicycle collided with a car, nearly ending his life. The experience changed his perspective on what he was doing with his time and launched him on a search for career fulfillment, leading him to jobs including teaching in the inner city, fundraising for a non-profit, and working for startups. He decided to parlay his experiences-and his engineer's expertise at breaking big tasks into manageable steps-into helping others find long-lasting career fulfillment. Today, though unemployment is at record lows for all age groups, employee satisfaction numbers have remained low. Everyone wants a job that's meaningful and fulfilling to them as individuals, but few know how to evaluate an opportunity for those criteria. Instead, they focus on things like money and location, not realizing that more impactful factors to their happiness might include how much time they interact with others, whether the role requires multitasking or single focus, and what level of emotional support they need. Complicating matters is the fact that entire industries can virtually disappear overnight and that many people will wind up doing a series of jobs and side gigs rather than having one long-term role with

Get Free Your Career How To Make It Happen With Career Transitions Printed Access Card

a single employer. Every worker—regardless of age—needs to avail themselves of every opportunity to learn and grow rather than expecting someone to train them. And they to look not for a role to fill but a problem to solve. Written with professional writer Susan Lahey, *Repurpose Your Career*, the third edition is not only an easy read but packed with practical information and specific action steps. It's the guidebook people in their 40 and beyond need to carry them into the next phase of life.

Drawing from his own experience with corporations both large and small and as a business owner, Jack Molisani has seen every mistake the professional (or not-so-professional) can make in today's highly competitive job market. This book provides the tools for navigating these choppy waters. Starting with how to escape a dead-end job or an overbearing boss, to advancing one's career, and finally to achieving a higher standard of living, the book is divided into sections on finding new directions, making things happen, and optimizing the results. While most business guides focus on either job hunting for the unemployed or getting rich for business owners and CEOs, these solutions—including how to get and ace an interview and how to increase job security once hired—cater to real people wanting real advice on how to escape the chains of a recessive economy and create a long-term lifestyle that is both enjoyable and achievable.

love. Enter Dee Ann Turner. After more than three decades leading teams and coaching staff members at Chick-fil-A, she knows what it takes to build a fulfilling career. In this practical, hands-on book she reveals the secrets of - finding a job - preparing for an interview - conquering the first 90 days - managing work relationships - overcoming mistakes - adding value to your team - and so much more Anyone entering the job market or hoping to make a transition in their career--along with the parents, teachers, college counselors, or career counselors who coach them--will find invaluable, hard-won advice on how to create a work life you love.

Offers advice on understanding today's job market, creating and customizing a resume, honing interviewing skills, and developing long-term career goals

It's Monday morning, and you wake up at 6 AM; you didn't even have your first cup of coffee, and you already feel the whole week is going to be a disaster. You know you have to go to a job you hate and endure 40 hours of torture. You are doubtful whether you will make it through another week, and yet you are stuck in this hamster wheel. Is this how you want to live the rest of your life? Are you tired of being unfulfilled, and you know you want more? It is time for a change; it is time to Skyrocket Your Career. In this book, Raj Subrameyer shares his real-life experiences living through these nightmares and making a dramatic transformation. Coming to a foreign land as an immigrant during the 2008 recession, he applied for 1293 jobs and got one job out of it. After many failures, he learned different strategies to convert his minimal-paying job into a six-figure business. Through this book Raj reveals his practical strategies to find your dream job, be massively successful in it, and uncover your rockstar potential, setting you miles apart from your competition. Using the tips, tricks, and tools discussed in this book, you can

launch yourself into each opportunity and blast off with courage and confidence.

Moving you from job seeker to job finder, Owens/Kadokia's bestselling YOUR CAREER: HOW TO MAKE IT HAPPEN, 10th edition, equips you with the tips, tools and step-by-step instructions to land an ideal job now and at every stage of your career. Marketing yourself to prospective employers can be overwhelming, so the authors break it down into small chunks that build your skills -- and confidence -- one chapter at a time. Real-life stories help you relate to chapter content, while clear instructions guide you through self-assessment, employer research, networking, resume writing, successful interviewing and more. Helping you build a strong foundation for current and future job searches, YOUR CAREER gives you the tools to stand out as a strong candidate for jobs, gain a competitive advantage in the workplace and reach your career potential. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Planning your career just got easier Very few of us put much effort into planning for the kind of career we want. Thinking about where we are going at work is something we all need to do throughout our working lives. The nature of work and employment is always changing. When economic times are difficult, you need to show potential employers that you have something special to offer. You may also need to be more flexible in your plans. New kinds of jobs emerge all the time and many labour markets are becoming increasingly specialized. This means you need to find out more about the kinds of jobs that interest you, and you need to understand what employers are looking for and how people get these jobs. By working through a simple series of steps and exercises, you can help yourself to be clearer about what you want, what your options are, and how to move forward. Exercises in each chapter will help you

build a collection of information and reflect on what you are learning about yourself and the process of career planning as you go along. Planning Your Career In A Week looks at one step in this process of career planning on each day of the week: Sunday: What do you want from work? Monday: What kind of job would you enjoy? Tuesday: What are you good at? Wednesday: Identifying your career options Thursday: Collecting information Friday: Making the choice Saturday: Taking the first steps

This book shows how any college student can land the position they want by creating relationships with professionals in the industries they're interested in by using the author's proven Career Launch Method. Did you know only 20 percent of jobs and internships are posted online? This means 80 percent of positions are filled in what Sean O'Keefe and others calls the hidden job market. This book will teach you how to tap into that 80 percent! O'Keefe, in partnership with the Career Leadership Collective, is now sharing his proven eight-step Career Launch Method that will help any student explore career options and land the internships and jobs they want by creating professional relationships from scratch. This book demystifies the concept of intentional, proactive relationship building by teaching all the practical microsteps needed to succeed. And O'Keefe teaches readers how to "play the student card," turning inexperience and eagerness to learn into a powerful advantage. Launch Your Career features first-person stories of students from all backgrounds and programs of study who have used the Career Launch Method to earn jobs or internships at all types of companies, nonprofits, government agencies, social enterprises, and institutions across the country and around the world. The book includes the Career Launch Readiness Assessment, which helps students evaluate their competency in five key areas. This book will become a go-

Get Free Your Career How To Make It Happen With Career Transitions Printed Access Card

to resource for students looking to find internships and jobs, as well as a needed tool for colleges looking to increase retention rates and student's return on investment.

Build bridges from classroom to career! Practical assignments throughout connect directly with the business community, employers and the Internet. This best-selling book provides everything needed to gain competitive advantage in the workplace. It is ideal for a course on Professional/Career Development, Job Search, Resume Writing, and Interviewing. YOUR CAREER provides thorough coverage of career self-assessment, employer research, job search/interviewing and career building strategies. The text also contains extensive instructions and examples of market-driven electronic, traditional, and Web resumes as well as cover letters.

Get Your Career Life in Order is a step-by-step guide with tips, tricks, worksheets and templates designed to help readers navigate the job market and manage their careers within their organizations. (This is a black and white print edition.)

Feeling stuck at a dead end job is not a great feeling. In this book you will be guided through the ABC's of creating a dynamic Resume, Networking, Job Searching, and Interviewing techniques.

Your next act starts now. You're ready for something new, but it's hard to start over. Just the idea of trading the security you have now for the unknown or throwing away the education and

Get Free Your Career How To Make It Happen With Career Transitions Printed Access Card

time you've invested in your current career can plunge you into a swirl of indecision and anxiety. But mixing things up every few years is an increasingly normal and cyclical part of a healthy work life--a way to gain new skills and stretch your existing ones by applying them to different contexts. Whether you know what you want to do next or you're still evaluating options, the HBR Guide to Changing Your Career will help you: Imagine other professional selves Identify the skills you need--and those you already possess that will transfer to another industry Assess the financial implications of the change you're considering Try out new roles without endangering your current job Explain a seemingly winding career path Pitch yourself into a new role

Like it or not, we live in a digital-first age, where your first interaction with someone will likely be online. Which means, it is now possible to make a first impression even while you sleep. How does this impact your career? Studies have shown over 90% of recruiters today, search for candidates online before they decide to give them a call. Is your brand ready for this? During the course of this book, you will learn how to build your digital brand and use it to establish your CareerKred online. By following the 4 simple steps of the process I call D.I.C.E., you will learn how to define your brand, integrate your brand online, position your brand in your area of expertise and engage with your audience. This simple 4-step process will help you build a modern day digital brand that will set you apart from your competition and help you get recognized for your expertise, even if you don't know where to start. With the changes to the career landscape accelerating, it's time to take your brand global.

This effortless and unapologetic approach to self-promotion will manage your anxiety and allow you to champion yourself. Does talking about your accomplishments feel scary or icky because

Get Free Your Career How To Make It Happen With Career Transitions Printed Access Card

you're worried people will think you're "obnoxious"? Does it feel more natural to "put your head down and do the work"? Are you tired of watching the loudest people in your industry get disproportionate praise and rewards? If you answered "yes" to any of the above, you might be self-sabotaging. You need to learn to Brag Better. Meredith Fineman has built a career working with "The Qualified Quiet": smart people who struggle to talk about themselves and thus go underestimated or unrecognized. Now, she shares the surefire and anxiety-proof strategies that have helped her clients effectively communicate their achievements and skillsets to others. Bragging Better doesn't require false bravado, talking over people, or pretending to be more qualified than you are. Instead, Fineman advocates finding quiet confidence in your opinions, abilities, and background, and then turning up the volume. In this book, you will learn the career-changing tools she's developed over the past decade that make bragging feel easy, including:

- Get remembered by focusing your personal brand and voice on key adjectives (like "effective, subtle, and edgy")
- Practice explaining what you do in simple, sticky terms to earn respect and recognition from the public and people at work.
- Eliminate words that undermine your work and find better ones--like your bio saying you're "trying" or "attempting" to do something instead that you ARE doing it. If you're ready to begin Bragging Better--to telling the truth about your accomplishments with grace and confidence--this book is for you.

AWARDS: Independent Publisher Book Award 2015 (Silver) and National Mature Media Award 2015 (Bronze) Step-by-step tips for revitalizing your career Yes, it is possible to have a job you love, and it doesn't require starting from scratch. Love Your Job is a guide to making work fulfilling and fun — again, or even for the first time. Why count down the hours of the day or the days to retirement when you could reinvigorate your workday, transforming the daily doldrums

into a daily dose of enjoyable activity? Kerry Hannon, The New York Times columnist and AARP's Jobs Expert, focuses on the little things that can make a big difference in how we feel about work. Love Your Job is all about the routines, habits, and thought patterns that, over the years, may have turned a dream job into a drudge or, worse, a nightmare. Changing these habits and attitudes is simple, and this book shows you how to identify the little things that make work enjoyable and engaging. Using these simple techniques, you can adopt the attitude that will keep you happy and that might just lead to bigger and better things, no matter what stage of your career you are in. In this book, you will learn to: Develop new habits that bring more purpose into every single workday Rekindle your hope and motivation by celebrating small successes Recognize negative patterns that keep you from enjoying your job Craft an entrepreneurial attitude that will get you noticed and enrich your work life We all deserve to experience happiness and satisfaction every day, at every stage of our careers. Kerry Hannon explains that you don't have to make a huge career transition to love work again. But if you reinvent the way you see work, who knows where your new outlook will lead? Wake up to the countless possibilities that await you with Love Your Job.

An exclusive guide to besting the competition and rising to the top in your career. Many people spend years working themselves into the ground, only to be passed over for the promotions, recognition, and pay raises they deserve. Today, there is a new set of unwritten rules for getting ahead, and they are all about making an impact. In *Boost Your Career*, Sander and Mechele Flaum expose what many people have taken years to learn: Success depends on the "impact dynamic." Defined as projects that make a resounding difference in an organization, with the added benefit of impressing key stakeholders, the impact dynamic is what separates over-deliverers from average workers. Drawing on their many years in business in a variety of high-level roles, the Flaums teach readers exactly what they need to know in today's job market: how to identify opportunities and successfully lead projects that will propel their careers. Packed with real and exclusive stories from seasoned professionals, newbies in big roles, and entrepreneurs in a variety of industries, this book shares the hidden hurdles, aha! moments, and tips for getting ahead in a competitive environment. Whether you've been at the same company for twenty years, you're starting a new job tomorrow, or you own your own business, *Boost Your Career* will make a resounding difference in how you view your professional role and frame your accomplishments.

Enrolments in Canadian PhD programs are on the rise, but without a matched increase in

available tenure-track positions. Despite the reality that many grad students will end up working outside of the academy, traditional guidance treats this path as a back-up only to be considered when the academic track fails. *Work Your Career* takes a different approach, encouraging students to consider both career options from the very beginning and to prepare for both concurrently. Recognizing the need for more organized and systematic mentoring and career guidance, the authors provide practical advice to Canadian social sciences and humanities students for developing skills useful to both markets. The book's chapters are organized according to the kinds of questions that graduate students should consider as they progress through their programs. Throughout, Berdahl and Malloy aim to help students build a seamless, lifelong approach to career readiness and development.

Organized into 5 digestible chapters, *You, Incorporated*, is a practical guide to career success that zeroes in on 3 essential concepts that job-seekers, career builders and career changers need to know: No Job is Forever, Employability Equals Options, and Your Career is Your Business. Written by a career transition expert who has helped thousands find their own "job utopias," readers will find a down-to-earth, accessible approach to becoming more valuable to current employers while developing long-term personal competitiveness to attract future employers and seize new opportunities!
