**Chris McRae**

*Your Hidden Powers* Joanne Wickenburg, 1992 Both retrograde planets and intercepted signs are included in this well-written, in-depth volume. Joanne defines how they differ and what they indicate in the chart. She also introduces new ideas about retrograde planets and intercepted signs, offering fresh insights for interpretation in these sometimes overlooked areas. Retrograde planets and intercepted signs make the chart unique, and each describes the powers and potentials waiting to be unleashed in your life. In some way you will stand apart from the crowd with an exceptional life that is outside the norm and as unique to you as your birth chart. Not everyone is born with such an outstanding opportunity to realize their individual potential. Included is extensive delineation of intercepted signs in the houses, the six sign polarities, the elements, duplicated signs, phases and planetary pairs. Chapters are also devoted to relocation charts, transits in intercepted signs, the importance of environment vs. destiny and various house systems. In addition to a thorough explanation of how planets retrograde, Joanne gives detailed interpretation of the meaning of retrograde planets in the natal chart and their position in the context of the eight stages of cyclic unfoldment, six of which fall into the retrograde zone. This placement specifically defines how a retrograde planet operates in your life. Also thoroughly explained is the meaning of retrograde planets in their transit cycle, and the significance of a retrograde progressed planet.

**The Art of Predictive Astrology** Carol Rushman, 2002 Astrologer Carol Rushman lays out a step-by-step system that astrologers can use to forecast significant events, including love and financial success. When finished with the book, they will be able to predict cycles and trends for the next several years, and give their clients 15 important dates for the coming year.

**Intercepted Signs: Encoded Messages from the Soul** Michael De Baker, 2019-05-27 *Intercepted Signs: Encoded Messages from the Soul* looks at the astrological phenomenon of intercepted signs through the lens of Evolutionary Astrology and uses seven full chart analyses to show the reader how both the intercepted and the repeated signs are uniquely linked to the soul's evolutionary purposes. This book, written by therapeutic evolutionary astrologer and regression therapist Michael De Baker, will be of great benefit to the budding and the seasoned evolutionary astrologer alike. The first will progress leaps and bounds through the clear and concise methodology used, whereas the latter will discover whole new levels of depth and

meaning. Both are handed a step-by-step approach which, when followed, will allow them to decode the soul message written into the intercepted and repeated signs. But this book does more. It presents the reader with a unique glimpse into the very genesis of intercepted signs by looking at the charts of Anne Frank and Barbro Karlén. In chapter nine a comparative study of the charts of these two consecutive lives created by the same soul reveals how Anne Frank's thwarted north node of the Moon in the 11th house Taurus becomes Barbro Karlén's Taurus interception in the same house, with Scorpio intercepted in the 5th house. Through this chart comparison we get verifiable astrological proof of the book's thesis: the intercepted signs provide us with information about areas where growth was insufficient or halted in previous lives. The soul has specific reasons for duplicating a sign and having it on the cusp of two subsequent houses and for creating the interception itself. These reasons are intimately connected to the soul's evolutionary purposes.

*Astrology for Mystics* Tayannah Lee McQuillar, 2021-02-16 A guide to discovering and developing the spiritual and mystical talents hidden in your astrological chart • Explores the 4th, 8th, and 12th houses of the natal astrological chart—those connected with the water signs, the deepest and darkest areas of the individual psyche, profound spiritual insights, and hidden knowledge • Explains how to interpret the signs and planets in the water houses of your birth chart, including how to develop the innate talents and spiritual powers you discover • Reveals the occult and psychic significance of water and shows how this significance is expressed in each of the three water signs: Cancer, Scorpio, and Pisces, the rulers of the water houses Your astrological birth chart, or natal chart, shows the positions of the planets, sun, and moon at the time of your birth. Shaped like a circle or wheel, it is divided into 12 sections, or "houses," each connected with a different area of life or self. The positions of the planets within the houses offer deep and often complex insight into your unique gifts and your life's path. In *Astrology for Mystics*, Tayannah Lee McQuillar explores the 4th, 8th, and 12th houses--those connected with the element of water and all things occult, mystical, and spiritual. The fourth house, ruled by water sign Cancer, is traditionally the house of family, home, ancestors, and suffering. The eighth house, ruled by water sign Scorpio, is the house of sex, death, secret powers, and transformation. The twelfth house, ruled by Pisces, is the house of karma, loss, unspoken expectations, fantasy, and confinement. As McQuillar explains, these are the houses that reveal the deepest and darkest areas of the individual psyche, which many people are reluctant to explore, yet this triad is the key to profound spiritual insights as well as the discovery of hidden knowledge and abilities. The author guides you through interpreting the signs and planets that inhabit the water houses in your natal chart and shows how they reveal specific innate talents. She describes

how to develop the hidden powers revealed by your chart and offers practical advice for incorporating this knowledge into your daily life for spiritual growth and self-improvement. Sharing interpretation examples from her practice, she also explores how to embrace the challenge of the occult water houses so you can claim the many treasures that can only be found on the ocean floor of the psyche.

**Unlocking Interceptions** Helen Adams Garrett,2011 Using a practical approach and many examples, Helen Adams Garrett explains how to analyze intercepted signs through the houses. She also explains the results in terms of different house systems. This book will help you to identify the year when an intercepted sign and any intercepted planets within that sign will open up by progression, freeing the energy and signifying what can be a major life change. Duplicated signs are also addressed, as is the meaning of an interception in a horary chart. Throughout the book you will find the specific steps needed to correctly delineate both the natal and progressed charts. And the final chapter is a step-by-step summary that can be used to interpret these charts and guide you in identifying the key factors in the natal chart, when the chart will unfold by progression and how transits and eclipses can influence the timing of events.

Intercepted Planets Alice Miller, 2010-11 Historically, we are at the end of the Piscean Age, standing on the brink of the Age of Aquarius. People with intercepted planets have a key role in this transition, in the development of consciousness,

because they were born outside the general consciousness. Their lives are as different as their charts. They are the Possibility People. They have reincarnated to assist the World with the transition to the Age of Aquarius. Like every Possibility Person, My journey is far more significant than the physical events of my life, writes Alice. It really began when I was taking algebra. I remember thinking that somewhere there should be something like an algebraic equation that could be applied to all of life. Nearing my Uranus Opposition, I was looking for answers for my own odd-looking life when astrology entered it. Immediately, I was confronted with my own interception. Not finding answers in existing texts, I was haunted by questions - questions that led me within. Gradually, answers came and my practice provided a wonderful testing ground for them. This book is a result. In this second Interception book, Alice Miller explains the core issues and the nuances of intercepted planets - psychologically, in everyday and family life, and as a means to expand consciousness. Her goal is that of healing, overcoming, teaching, and sharing the wisdom that comes with rising consciousness. In this book you will find in-depth chapters on each planet, the Nodes and Fortuna when caught in an intercepted sign. It explains the differences that interception makes to each, as well as how that difference affects the signs and houses it rules including problems in early years and the gifts they finally bring.

*Understanding Interceptions* Chris McRae, 2000-07-01 The principles contained in this book will greatly enlarge your understanding of chart dynamics. There is more to the interpretation of interceptions than often realized and more of the chart is affected than often considered. The book will undoubtedly change the way you consider interceptions. The approach taken in this book is from a constructive, positive viewpoint. Interceptions create intensification due to internalization, which is useful in providing inner preparation and focus. If we understand our life's mission, we can utilize our resources more successfully and celebrate our individuality, rather than feeling unfortunate. Everything contained within our chart is designed for a useful purpose. If we try to understand who we are and grow into what we can do, it is less stressful than striving to become someone we are not. The stories in this book of actual case histories will warm your heart and provide insight into this important chart dynamic. Dozens of chart examples of students, clients, entertainers and other public figures are used to support the concepts presented in this book.

**Interceptions** Alice Miller,2000 We are at the end of the Piscean Age, standing on the brink of the Age of Aquarius. Today, many advanced beings have reincarnated to assist with the transition. Exceptions to the general consciousness, their birth charts are also exceptional. Instead of having a different sign on each of the twelve houses, many have pairs of signs enclosed within houses, while other pairs fall on two successive cusps. These interceptions are markers for those individuals once called Starseed or Starborn. Seeming to have stepped back in time, they are designed to be living examples of greater possibilities within the human species. In spiritual terms, they are Older Children of the Creator of this Universe. Their differences create problems early in life which continue until they realize that they truly are different from the general population, and that their differences are assets, not deficiencies. This requires a transformation process. Entering the second phase of life, each discovers who she or he is and why she or he came. Finally, that feeling of coming to do something special humanity is validated! In clear, everyday language, she describes the six basic types of interceptions as defined by the six sign polarities. Included are both a psychological meaning and a spiritual meaning for each, as well as the influence of house positions and the meaning of the doubled house cusps.
