The Global Innovation Index 2020 provides detailed metrics about the innovation performance of 131 countries and economies around the world. Its 80 indicators explore a broad vision of innovation, including political environment, education, infrastructure and business sophistication. The 2020 edition sheds light on the state of innovation financing by investigating the evolution of financing mechanisms for entrepreneurs and other innovators, and by pointing to progress and remaining challenges – including in the context of the economic slowdown induced by the coronavirus disease (COVID-19) crisis.

This edition of Importing Into the United States contains material pursuant to the Trade Act of 2002 and the Customs Modernization Act, commonly referred to as the Mod Act. Importing Into the United States provides wide-ranging information about the importing process and import requirements. We have made every effort to include essential requirements, but it is not possible for a book this size to cover all import laws and regulations. Also, this publication does not supersede or modify any provision of those laws and regulations. Legislative and administrative changes are always under consideration and can occur at any time. Quota limitations on commodities are also subject to change. Therefore, reliance solely on the information in this book may not meet the "reasonable care" standard required of importers. A model African nation negotiating between tradition and modernity is revealed.

This is the United Nations definitive report on the state of the world economy, providing global and regional economic outlook for 2020 and 2021. Produced by the Department of Economic and Social Affairs, the five United Nations regional commissions, the United Nations Conference on Trade and Development, with contributions from the UN World Tourism Organization and other intergovernmental agencies.

A brave account of the social and political forces that threaten a woman's right to choose, this emotionally affecting memoir from a doctor on the front lines of the abortion debate reveals what's really at stake in the Supreme Court In America the reproductive justice debate is reaching a new pitch, with the Supreme Court weighted against women's choice and state legislatures passing bills to essentially outlaw the practice of abortion. With This Common Secret, Dr. Susan Wicklund chronicles her twenty-year career in the vanguard of the abortion war. Growing up in working-class rural Wisconsin, Susan made the painful decision to have an abortion at a young age. It was not until she became a doctor that she realized how many women shared her ordeal of an unwanted pregnancy...and how hidden this common experience remains. Now, in this raw and riveting true story, Susan and the patients she's treated share the complex, anguished, and empowering emotions that drove their own choices. Hers is a calling that means sleeping on planes and

commuting between clinics in different states--and that requires her to wear a bulletproof vest and to carry a .38 caliber revolver. This Common Secret reveals the truth about the reproductive health clinics that anti-abortion activists mischaracterize as damaging and unsafe. This intimate memoir explains how social stigma and restrictive legislation can isolate women who are facing difficult personal choices--and how we as a nation can, and must, support them.
