The purpose of Zen is to awaken to the bodhisattva within us. This perception, also called kensho, “seeing self-nature,” opens the way to a true Zen life lived in unrestricted liberation. To attain such freedom, one must strive in all of one’s activities to live in accordance with the Bodhisattva Vows. It would be easy to spend an entire lifetime studying and contemplating the various source documents of the Zen tradition. The selections herein, including works of Nargajuna, Hsin Hsin Ming, Dogen and others, capture the full flavor and essence of Zen and can easily stand as both the beginning and terminus of one’s studies.

Examining inscriptions on landscape paintings and related documents, this book explores the views of the "two jewels" of Japanese Zen literature, Gido Shushin (1325-1388) and Zekkai Chushin (1336-1405), and their students. These monks played important roles as advisors to the shoguns Ashikaga Yoshimitsu

(1358-1408) and Yoshimochi (1386-1428), as well as to major figures in various michi or Ways of linked verse, the No theatre, ink painting, rock gardens, and other arts. By applying images of mountain retreats to their busy urban lives in the capital, these Five Mountain Zen monks provoke reconsiderations of the relation between secular and sacred and nature and culture.

They examine the role of international organizations-the United Nations, international development banks, and international law institutions-and they analyze the tools and forms of leverage in successful and unsuccessful mediations.

Intrigued as much by its complex nature as by its outsider status in traditional organic chemistry, the editors of *The Organic Chemistry of Sugars* compile a groundbreaking resource in carbohydrate chemistry that illustrates the ease at which sugars can be manipulated in a variety of organic reactions. of this historic figure. For the first time, we can read Nyogen Senzaki's commentaries on the complete Gateless Gate, as well as on several cases from the Blue Rock Collection and the Book of Equanimity; and transcriptions of his talks on Zen, esoteric Buddhism, the Lotus Sutra, what it means to be a Buddhist monk, and many other subjects. Eloquent Silence also includes poems in Nyogen Senzaki's beautiful calligraphic hand (and his own translations); two early letters to his teacher, Soyen Shaku (who represented Japan at the World Parliament of Religions in Chicago in 1893), as well as a partial autobiography of Soyen Shaku; a series of letters in response to an article by Nyogen Senzaki that was severely critical of the Japanese Zen establishment; and rare photographs. Roko Sherry Chayat has edited Nyogen Senzaki's words with sensitivity and grace, retaining his wry, probing style yet bringing clarity and accessibility to these remarkably contemporary teachings.
