A guide to the superb 145km trek around the Matterhorn, walking anti-clockwise from Zermatt, with a huge variety of scenery and culture. As the Matterhorn straddles the Swiss / Italian frontier, the trek visits both Switzerland and Italy, each with its own unique traditions, way of life and scenery. The Tour goes over high passes via Zinal, Arolla and Breuil, visiting charming alpine villages where life has hardly changed for centuries, providing a precious insight into local life. Not only is the Matterhorn seen from all sides, but there are also superb vantage points for views of many of the other high summits of the region. The Tour of the Matterhorn has been documented only in the last few years but the paths it uses are often ancient ways over passes leading from one valley to another. The tour includes two glacier crossings and usually takes about eight to ten days to complete. This guide includes suggestions for shorter variants as well as information for the ascent of peaks along the way.

The Valais region encompasses Switzerland's most rugged terrain. Our coverage extends from the gateway city of Geneva to the upper reaches of the Walliser Alps along the Italian frontier. Visitors are apt to enter the region in Geneva, a small, cosmopolitan city between the border of France and the western end of Lake Geneva, known in French as Lac Lemman. The city bustles with the business of international organizations, plays along a garden-lined lakefront, and harbors a pleasant pedestrian old town. The city of Lausanne lies across the lake, drawing visitors for its own pleasant lakefront and the Olympic Games History Museum. Beyond, in the Valais region, protrudes the magnificent Matterhorn Peak, with famed Zermatt at its foot and secluded Saas-Fee just over the hill. In southeastern Switzerland next to the border of Italy, Zermatt reclines amid a cluster of 38 4,000-m peaks. Above the town towers the distinctive hook of the Matterhorn crest. For most visitors, Zermatt isn't a place to relax; it's a place to play, and play hard. About 400 km of hiking paths wind through the mountains above Zermatt, most areas well-served by cableway or mountain train. The most spectacular of the trails run through the Sunnegga and Rothorn areas, winding around lakes, skirting glaciers, and all within view of the Matterhorn across the valley. One of these, the Marmot Trail, leads from mid-mountain Rothorn at Blauherd down to Sunnegga via a path lined with several marmot family groups. Walkers wanting a closer

look at the majestic mountain should try the new Matterhorn Trail. It drops from the lift station at Schwarzsee, along the foot of the Matterhorn to Stafel, to the lake at Zmutt, and then down to the lift station at Furi OCo passing several inviting mountain huts along the way. Saas-Fee lies to the east of Zermatt, on the opposite side of the towering Dom. Like Zermatt, the resort is reached via a climb up the forked valley south of Visp OCo to reach Saas-Fee, drivers at Stalden take the lft fork toward Saastal instead of the right fork toward Tnsch. (Although only a few km apart as-the-crow-flies, the drive between Saas-Fee and Zermatt takes around an hour.) Also like Zermatt, the village of Saas-Fee is technically car-free, served only by a swarm of electric taxi carts. The swarm here, however, is considerably smaller and less menacing. Drivers park in the nine-story cliff-side garage on the village edge and, from the garage loading bays, telephone hotels for pickup. (Visitors arriving by train must bus in from Brig or Visp.) Guests here split into two distinct camps OCo those who've come for the small-resort exclusivity, and those who've come for the big-mountain recreation. Both camps enjoy the views from the Allalin, where the world's highest revolving restaurant, the Drehrestaurant Metro-Alpin, does a full rotation each hour. Steps away, adventurers stroll through the largest ice pavilion in the world (the Mittelallin Eispavillon), a cave carved out of the glacier and embellished with sculptures and a chapel. At the heart of the Alps lies Switzerland; at the heart of Switzerland lies the Jungfrau region; and at the heart of the Jungfrau lies Interlaken. Tucked away in what is arguably the most spectacular Alpine scenery in the world, Interlaken enjoys renown for its diversity of outdoor adventures and its role as the Jungfrau region's mountain transportation hub. It's an inviting town OCo a busy, bustling place with back alleys few tourists take time to explore. These are just a few of the Swiss gems explored in this guide, equivalent to 160 print pages and loaded with detail on all the restaurants, hotels, shops and activities you'll want to know about. Plus, there are maps and photos throughout. This is an excerpt from the much larger Adventure Guide to the Alps, which runs 500 pages in print, and covers the German, French, Austrian and Italian Alps as well."

The book is a gripping description of a mountain hike of nearly two weeks made from France's Chamonix to Zermatt in Switzerland. The trip encompasses the approximately 170-kilometer Haute Route, which advances in the mountain range. Every day on the hike a mountain is crossed, or even three. The text relays situations that arose along

the way and conversations with hikers from around the world, all described in a warm and humorous tone. The writer contemplates the choices a hiker must make and many other matters worth pondering. The book is based on writings made in the evenings after a day of hiking and they vividly reflect the honest thoughts of the writer at the time. Practicalities are featured prominently in the text, as the hike involved day-to-day decisions of accommodation and route choices. The text is not solely limited to the route in question but includes elements and themes from previous mountain hike experiences. In addition to providing information on the progress made during the route, the text gives insight into practical matters, including equipment, accommodations and securing lodgings. The book makes for a splendid read for those planning a mountain hike and even for those hoping to make the journey from very place they are sitting in. The book includes over a hundred photos, maps and relevant information regarding the days of hiking.

This book is a great general guide to all the skiing areas in the Alps. Better than any other book I looked at. One bone to pick: It doesn't include Verbier, Switzerland. The authors had to cut the book off somewhere, I guess. The book is paperback and small -- easy to carry with you while you travel. Since I was unfamiliar with the Alps, I referred to it often on my ski trip to Switzerland and France. It gave the perfect amount of background info to each location and then had good, concise sections re: where to eat, where to party and where to stay. Bravo to the authors for obviously putting effort into creating an easy-to-read, concise and informative resource. -- Rahmit Olsen (Amazon reviewer). An avid skier and hiker, the author has explored terrain ranging from Switzerland's Matterhorn to South Korea's Muju Mountain. The author of more than 800 travel features, hotel reviews and destination guides, she shares her vast knowledge of ski and adventure travel in the Alps and Europe. --Ingram Advance Magazine. As portable as they are helpful and heavily illustrated as well, the volumes in this series remain very reliable in making certain that adventure is a major ingredient of your trip. --Booklist.

A guidebook to the classic Chamonix to Zermatt trek from Mont Blanc to the Matterhorn. The 225km Walker's Haute Route through the French and Swiss Alps crosses 11 passes, gains more than 14,000m in height and is a strong contender for the title of Most Beautiful Walk in Europe. The high-level route is described in 14 day stages, with optional variants, and is suitable for walkers with a good level of fitness and some previous alpine trekking experience. The final approach to Zermatt adopts the dramatic Europaweg, a high-level traverse of the east wall of the Mattertal, crossing the 500-metre suspension bridge above Randa. An alternative valley route to Zermatt can be taken if this does not appeal. Alongside clear route descriptions and mapping for each stage of the trek, there is essential practical information on travel to Chamonix and return from Zermatt, as well as advice on accommodation in alpine villages and mountain refuges, trekking safety, equipment, itinerary planning and preparation. Taking 2 weeks to complete, this challenging but rewarding trek encompasses views of the greatest collection of 4000 metre peaks in the Alps - Mont Blanc, the Grand Combin, Dent Blanche, Weisshorn and the Matterhorn - and visits some of the most spectacular valleys, including the Val d'Hérens, Val d'Annivers and the Mattertal.
