

Ashfall 1 Mike Mullin

Susan Beth Pfeffer

Ashfall Mike Mullin, 2012-10-16 Under the bubbling hot springs and geysers of Yellowstone National Park is a supervolcano. Most people don't know it's there. The caldera is so large that it can only be seen from a plane or satellite. It just could be overdue for an eruption, which would change the landscape and climate of our planet. For Alex, being left alone for the weekend means having the freedom to play computer games and hang out with his friends without hassle from his mother. Then the Yellowstone supervolcano erupts, plunging his hometown into a nightmare of darkness, ash, and violence. Alex begins a harrowing trek to search for his family and finds help in Darla, a travel partner he meets along the way. Together they must find the strength and skills to survive and outlast an epic disaster.

Sunrise Mike Mullin, 2014-03-17 The Yellowstone supervolcano nearly wiped out the human race. Now, almost a year after the eruption, the survivors seem determined to finish the job. Communities wage war on each other, gangs of cannibals roam the countryside, and what little government survived the eruption has collapsed completely. The ham radio has gone silent. Sickness, cold, and starvation are the survivors' constant companions. When it becomes apparent that their home is no longer safe and adults are not facing the stark realities, Alex and Darla must create a community that can survive the ongoing disaster, an almost impossible task requiring even more guts and more smarts than ever--and unthinkable sacrifice. If they fail . . . they, their loved ones, and the few remaining survivors will perish. This epic finale has the heart of *Ashfall*, the action of *Ashen Winter*, and a depth all its own, examining questions of responsibility and bravery, civilization and society, illuminated by the story of an unshakable love that transcends a post-apocalyptic world and even life itself.

Ashen Winter Mike Mullin, 2014-03-28 After the eruption of the Yellowstone supervolcano, Alex and Darla retrace their steps to Iowa hoping to find Alex's parents and bring them to Illinois, but the journey is perilous as survivors fight to the death for food and power.

Darla's Story Mike Mullin, 2017-03-30 Darla Edmunds has faced a lot of challenges in her seventeen years: Her dad died in a farming accident when she was fourteen. Her mother retreated into hyper-religiosity, leaving Darla to run the family farm almost single-handedly. But those struggles pale in comparison to the one she faces after the Yellowstone supervolcano erupts, plummeting the world--and Darla's small corner of Iowa--into a cataclysmic natural disaster. *DARLA'S STORY* is book #0.5 of the *ASHFALL* trilogy (or should it be called a three-and-a-half-ology?) It's told from Darla's perspective, beginning

with the eruption and ending when an injured stranger keels over in her barn. If you're new to the world of ASHFALL, DARLA'S STORY is a great place to start. If you've read ASHFALL and loved Darla, this book was written for you. Enjoy!

Surface Tension Mike Mullin, 2018-05-08 After witnessing an act of domestic terrorism while training on his bike, Jake is found near death, with a serious head injury and unable to remember the plane crash or the aftermath that landed him in the hospital. A terrorist leader's teenage daughter, Betsy, is sent to kill Jake and eliminate him as a possible witness. When Jake's mother blames his head injury for his tales of attempted murder, he has to rely on his girlfriend, Laurissa, to help him escape the killers and the law enforcement agents convinced that Jake himself had a role in the crash. Mike Mullin, author of the Ashfall series, delivers a gripping story with memorable characters and all-too-real scenarios.

Life as We Knew it Susan Beth Pfeffer, 2008 I guess I always felt even if the world came to an end, McDonald's still would be open. High school sophomore Miranda's disbelief turns to fear in a split second when an asteroid knocks the moon closer to Earth, like one marble hits another. The result is catastrophic. How can her family prepare for the future when worldwide tsunamis are wiping out the coasts, earthquakes are rocking the continents, and volcanic ash is blocking out the sun? As August turns dark and wintry in northeastern Pennsylvania, Miranda, her two brothers, and their mother retreat to the unexpected safe haven of their sunroom, where they subsist on stockpiled food and limited water in the warmth of a wood-burning stove. Told in a year's worth of journal entries, this heart-pounding story chronicles Miranda's struggle to hold on to the most important resource of all--hope--in an increasingly desperate and unfamiliar world. An extraordinary series debut Susan Beth Pfeffer has written several companion novels to Life As We Knew It, including The Dead and the Gone, This World We Live In, and The Shade of the Moon.

Pandemic Yvonne Ventresca, 2014-05-06 The 2015 SCBWI Crystal Kite Winner for the Atlantic region! Even under the most normal circumstances, high school can be a painful and confusing time. Unfortunately, Lilianna's circumstances are anything but normal. Only a few people know what caused her sudden change from model student to the withdrawn pessimist she has become, but her situation isn't about to get any better. When people begin coming down with a quick-spreading illness that doctors are unable to treat, Lil's worst fears are realized. With her parents called away on business before the contagious outbreak—her father in Delaware covering the early stages of the disease and her mother in Hong Kong and unable to get a flight back to New Jersey—Lil's town is hit by what soon becomes a widespread illness and fatal disaster. Now, she's more alone than she's been since the "incident" at her school months ago. With friends and neighbors dying all around her, Lil does everything she can just to survive. But as the disease rages on, so does an unexpected tension as Lil is torn between an old ex and a new romantic interest. Just when it all seems too much, the cause of her original trauma shows up at her door. In this thrilling debut from author Yvonne Ventresca, Lil must find a way to survive not only the outbreak and its real-life consequences, but also her own personal demons. How to Change the World in 12 Easy Steps Peggy Porter Tierney, 2021-11-09 Kids teaching kids how to make the world happier, prettier, friendlier, kinder, safer, smarter, accepting, and loving. It's easy! HOW TO CHANGE THE WORLD IN 12 EASY STEPS was inspired by Eva Kor, a child survivor of Auschwitz. She always stressed to young audiences that even though a child, they had the power to change the world. Easy, simple gestures from picking up a piece of trash on the sidewalk, tidying a bedroom, accepting someone who is different, along with other gestures of kindness and thoughtfulness can make a big difference. The book could also serve as a starting point for a conversation on prejudice. Marie Letourneau's illustrations capture the warmth at the heart of this book, making it a fun, but life-changing read.

Three Quarters Dead Richard Peck, 2011-09-29 Being the new girl at school is rough. But when the popular girls choose Kerry as the newest member of their ultra-exclusive clique, she thinks her troubles are finally finished. When her three new friends are killed in a horrifying car crash, her life seems over as well. But then the texts begin. . . . Richard Peck returns to his contemporary teen- and ghost-story roots in this suspenseful page-turner with a subtle commentary on peer pressure that fans of television dramas such as *Pretty Little Liars* and *Vampire Diaries* will devour.

The Monument 14 Trilogy Emmy Laybourne, 2016-01-12 Fourteen kids from Monument, Colorado find themselves trapped in a superstore. Outside, violent storms rage and a dangerous chemical leaks into the atmosphere, killing some and changing others into something not quite human. The kids must band together if they want to live. But it won't be easy, and there's no telling what kind of world they'll be left with. Emmy Laybourne's *Monument 14* trilogy is an action-adventure thrill ride that will have readers' hearts racing. Includes all three books in the series, *Monument 14*, *Sky on Fire*, and *Savage Drift*. "A tense, claustrophobic, and fast-paced thriller." —Publishers Weekly, starred review

How I Paid for College Marc Acito, 2004-09-07 A deliciously funny romp of a novel about one overly theatrical and sexually confused New Jersey teenager's larcenous quest for his acting school tuition. It's 1983 in Wallingford, New Jersey, a sleepy bedroom community outside of Manhattan. Seventeen-year-old Edward Zanni, a feckless Ferris Bueller-type, is Peter Panning his way through a carefree summer of magic and mischief. The fun comes to a halt, however, when Edward's father remarries and refuses to pay for Edward to study acting at Juilliard. Edward's truly in a bind. He's ineligible for scholarships because his father earns too much. He's unable to contact his mother because she's somewhere in Peru trying to commune with Incan spirits. And, as a sure sign he's destined for a life in the arts, Edward's incapable of holding down a job. So he

turns to his loyal (but immoral) misfit friends to help him steal the tuition money from his father, all the while practicing for his high school performance of *Grease*. Disguising themselves as nuns and priests, they merrily scheme their way through embezzlement, money laundering, identity theft, forgery, and blackmail. But, along the way, Edward also learns the value of friendship, hard work, and how you're not really a man until you can beat up your father—metaphorically, that is. *How I Paid for College* is a farcical coming-of-age story that combines the first-person tone of David Sedaris with the byzantine plot twists of Armistead Maupin. It is a novel for anyone who has ever had a dream or a scheme, and it marks the introduction to an original and audacious talent.

Fracture Megan Miranda, 2014 By the time Delaney Maxwell is pulled out of the waters of a frozen lake, her heart has stopped beating. But Delaney pulls through. Outwardly she has recovered, but she knows something is wrong. Delaney finds herself drawn to the dying, is her brain predicting death or causing it?

Thin Space Jody Casella, 2013-09-10 There's a fine line between the living and the dead, and Marshall is determined to cross it in this gut-wrenching debut novel. Ever since the car accident that killed his identical twin brother, Marshall Windsor has been consumed with guilt and crippled by the secrets of that fateful night. He has only one chance to make amends and set things right. He must find a thin space—a mythical point where the barrier between this world and the next is thin enough for a person to step through to the other side. But when a new girl moves into the neighborhood, into the exact same house Marsh is sure holds a thin space, she may be the key—or the unraveling of all his secrets. As they get closer to finding a thin space—and closer to each other—March must decide once and for all how far he's willing to go to right the wrongs of the living...and the dead.

Red Hope John Dreese, L. E. E. Luckeydoo, Jason Defenbaugh, Elena Greer, 2014-12-20 Astronauts are sent to Mars after fossils are discovered by the Mars Curiosity rover.

The Prey Andrew Fukuda, 2013-01-31 For Gene and the remaining humans - or hepers - death is just a heartbeat away. On the run and hunted by society, they must find a way to survive in The Vast... and avoid the hungry predators tracking them in the dark. But they're not the only things following Gene. He's haunted by the girl he left behind and his burgeoning feelings for Sissy, the human girl at his side. When they discover a refuge of exiled humans living high in the mountains, Gene and his friends think they're finally safe. Led by a group of intensely secretive elders, the civilisation begins to raise more questions than answers. A strict code of behaviour is the rule, harsh punishments are meted out, young men are nowhere to be found - and Gene begins to wonder if the world they've entered is just as evil as the one they left behind. As life at the refuge grows more perilous, he and Sissy only grow closer. In an increasingly violent world, all they have is each other . . . if they can only stay alive.

Doomed Tracy Deebs, Ivy Adams, 2013-12-10 Pandora Walker unwittingly unleashes cyber Armageddon on her 17th

birthday and must play a virtual reality game in order to save the world. By the author of the Tempest series and the co-author of The International Kissing Club (under the pseudonym Ivy Adams).

The Eighth Arrow J Augustine Wetta, O.S.B., 2018-09-18 Condemned to burn in the eighth circle of Dante's Hell, Odysseus, legendary thief and liar of Homer's Odyssey and Iliad, decides he is going to break out. His adventure begins with a prayer to Athena Parthenos, who appears to him bearing gifts: his armor, his famous bow, a mysterious leather pouch, and seven unusual arrows. She then sends him on a quest through the Underworld along with Diomedes, his friend from the Trojan War who had been sharing in his eternal punishment. To complete their escape, the goddess warns them, they must recover their squandered honor and learn to use the eighth arrow. At turns exciting, humorous, and edifying, this action-packed epic follows Odysseus and Diomedes as they journey through all the circles of Dante's Hell, where they encounter various characters from Greek mythology, ancient history, and Renaissance literature, including Helen of Troy, Cerberus, Penelope, Homer, Harpies, Centaurs, and eventually Satan himself. With witty banter and wily stratagems, the two Greek warriors fight their way through the obstacles that stand between them and redemption. The Eighth Arrow is a thoroughly entertaining jailbreak story. Full of allusions to great works of old, it is also gently educational, and as such it can be read as a guide or a companion to Dante's Inferno and the works of Homer.
