A Companion to Literary Biography Richard Bradford, 2018-11-28 An authoritative review of literary biography covering the seventeenth century to the twentieth century A Companion to Literary Biography offers a comprehensive account of literary biography spanning the history of the genre across three centuries. The editor – an esteemed literary biographer and noted expert in the field – has encouraged contributors to explore the theoretical and methodological questions raised by the writing of biographies of writers. The text examines how biographers have dealt with the lives of classic authors from Chaucer to contemporary figures such as Kingsley Amis. The Companion brings a new perspective on how literary biography enables the reader to deal with the relationship between the writer and their work. Literary biography is the most popular form of writing about writing, yet it has been largely neglected in the academic community. This volume bridges the gap between literary biography as a popular genre and its relevance for the academic study of literature. This important work: Allows the author of a biography to be treated as part of the process of interpretation and investigates biographical reading as an important aspect of criticism Examines the birth of literary biography at the close of the seventeenth century and considers its expansion through the eighteenth, nineteenth and twentieth centuries Addresses the status and writing of literary biography from numerous perspectives and with regard to various sources, methodologies and theories Reviews the ways in which literary biography has played a role in our perception of writers in the mainstream of the English canon from Chaucer to the present day Written for students at the undergraduate level, through postgraduate and doctoral levels, as well as academics, A Companion to Literary Biography illustrates and accounts for the importance of the literary biography as a vital element of criticism and as an index to our perception of literary history.

Companion Piece Ali Smith, 2022-05-03 A woman receives an unexpected call from a former classmate asking for help deciphering a puzzling interaction, and from there, Smith spins out a broader story about loneliness, refuge and freedom." —The New York Times Book Review "Lyrical and timely...Smith's novel will push readers to consider what it means to let people into your life, even when you don't want to." —TIME A story is never an answer. A story is always a question. A day spent locked in a room by border officials without any explanation as to why. A riddle that seemingly has no answer: curlew or curfew, you choose. A phone call from a college friend who hasn't been in touch in years. And all of it is somehow inextricably linked to the life of a young blacksmith hounded from her trade and branded a vagrant nearly 500 years ago. Award-winning author Ali Smith shines a guiding light through the nightmarish now with a provocative novel that intertwines our atomized present and the uncannily parallel era of the Black Plague. In the hope that our medieval past may unlock the answers we seek to understand our hazy future, Companion Piece is a kaleidoscope of human history and experience, and a stunning addition to Smith's gorgeous canon.

Let Me Hijack Your Mind Alyque Padamsee, Vandana Saxena Poria, 2022-02-28 In this one-of-its-kind book by the late Alyque Padamsee, he invites us to re-examine and think afresh about some of our most deeply held beliefs, from love, marriage, terrorism, leadership, money, gender, faith to education. Let Me Hijack Your Mind is Alyque's parting gift to Indians, exhorting them to throw out the old and embrace new ways of approaching everything, which will lead them towards a more exciting and contented life-and a better society and country. It is a way to open windows in their mind to think about life aside from greed, power and money. This is a book designed to throw everyone off-balance in a good way, because it is crammed with fresh ideas on how to live, how to dream and how to completely reset our mindset and attitudes. As Alyque says in his inimitable style: 'Get people out of stuffy thinking.' Some of the provocative questions he asks are: - Why should marriage be 'till death do us part'? - Why are terrorists breaking the law of their very own holy books? - Why are multinational companies obsessed with GNP (Gross National Product) instead of GNH (Gross National Happiness)? - Why do men fear women? And why do women hate themselves? A fun, racy and often shocking read, the book busts some of the most well-known taboos, includes life hacks drawing on his experiences in advertising and theatre, as well as new 'commandments' for the present generation.
