Overview: Blending scholarship and imaginative writing, ASU business professor Kinicki (of Kreitner/Kinicki Organizational Behavior 9e) and writer Williams (of Williams/Sawyer Using Information Technology 7e and other college texts) have created a highly readable introductory management text with a truly unique student-centered layout that has been well received by today's visually oriented students. The authors present all basic management concepts and principles in "bite-size" chunks, 2- to 6-page sections, to optimize student learning and also emphasize the practicality of the subject matter. In addition, instructor and students are given supported by a wealth of classroom-tested resources.

Coverage of expert evidence has also been expanded to include forensic evidence, bringing the text right up-to-date.
