Sacred Success Barbara Stanny, 2014-10-07 Sacred Success®: A Course in Financial Miracles shows women there is a better way to achieve wealth and power: on your own terms—as a woman. Barbara Stanny, the leading expert on women and money, has helped women take control of their finances for two decades—and she knows there is much more to success than how much you earn. In her work with powerful, successful women over the last 20 years, bestselling author and financial educator Stanny has found that most women's problems with money have little to do with money itself, but rather with their fear of, or ambivalence toward, power. Instead of pushing women to pursue financial success in the traditional fashion, Sacred Success seeks to redefine power from a feminine perspective. More than a financial guide, Sacred Success is a primer on power for women—a tutorial for taking charge of your life by taking charge of your finances, and not only growing your money but creating a deeper, richer, and more meaningful life. Best described as A Course in Miracles meets the Wall Street Journal, Sacred Success gives you a proven process that uniquely blends the practical, psychological, and spiritual work of wealth. You can be financially successful without sacrificing your soul or compromising your values. You can create wealth and exercise power by staying true to your authentic self and personal mission. Overcoming Underearning(TM) Barbara Stanny,2009-10-13 When it comes to money, are you controlled by fear? Do you live in financial chaos?Do you underestimate your worth? Are you ready to go to the next level, but can't seem to get there? If the answer is yes to these questions, you may be an underearner. Underearners are self-saboteurs who never live up to their earnings potential, says Barbara Stanny, a financial educator, motivational speaker, former journalist, and career counselor. Underearners tend to live paycheck to paycheck. They rarely balance their checkbooks and are often in debt. Ironically, many work incredibly hard. Yet they are ashamed to admit that money matters to them. They all have a high tolerance for low pay. The good news is that underearning is often self-imposed. By focusing on overcoming underearning, you will not only earn what you deserve, but you can live up to your full potential. With techniques and exercises that have helped thousands of people who have participated in her Overcoming Underearning™ workshops, Stanny teaches you five essential steps to financial independence. Once you understand these steps, you will be confident asking for a raise, increasing your prices, or getting a better job. Now I'm making more than my friends, all because I had the guts to dream and ask for more, says one Stanny fan. First, Tell the Truth: be honest about your financial situation and figure out your attitudes toward money. Second, Make a Decision: decide that you want to make more money. Third, Stretch: take action, face your fears, and be willing to be uncomfortable. Fourth, Create Community by finding supporters and asking for help. Fifth, Respect and Appreciate Money: learn to save and invest. Overcoming Underearning is filled with inspiring, real-life stories of underearners who turned their lives around. Stanny brings a message of empowerment and hope to all those who chronically undervalue themselves. I'm making more, working less, feeling healthier, have more energy, and I'm so much happier, concludes another Stanny believer.

Filled with real-life success stories and practical advice - from tips on identifying the factors that keep women fearful and dependent to checklists and steps for overcoming them - this book is the next best thing to having one's own financial coach.

Rewire for Wealth: Three Steps Any Woman Can Take to Program Her Brain for Financial Success Barbara Huson,2021-01-19 A groundbreaking program to help women create a habit of building wealth—from renowned financial therapist Barbara Huson (formerly Barbara Stanny) The men in her life had always handled Barbara Huson's money: First her father (the "R" of H&R Block), and then her husband, a stockbroker who turned out to be a compulsive gambler. When tax bills arrived for over \$1m for his illegal deals, her ex left the country, her father refused to help, and Huson—who'd

always been “scared and intimidated by money”—realized she had to grow up financially, fast. Since that dramatic financial wake-up call, Huson has devoted herself to learning everything there is to know about women and money, and in *Rewire for Wealth* she goes to the very core of the disconnect between the two: According to multiple studies, women’s and men’s brains process information differently—and that has a profound effect when it comes to money. (Men, for example, view investing as a challenge; women see it as a threat.) Fortunately, you can “un-learn” previous bad lessons—and train your brain to process differently. In *Rewire for Wealth*, Huson offers a proven and integrative approach to re-wiring your brain. Using the latest neuroscience, psychology, and mind-training techniques with original research that includes more than 20 years of hard-won financial expertise, she shows you how to quickly but methodically eliminate maladaptive financial behaviors, and expand your ability to build wealth. By repeatedly applying a practical three-step formula—recognize, reframe, and respond differently—old brain circuits become weaker and new ones grow stronger, paving the way to a more confident approach to wealth building. You may never get a financial wake-up call as dramatic as Huson’s, but the real, positive, and life-changing power to take charge, now, is at your fingertips.

Taxing the Poor Katherine S. Newman, Rourke L. O'Brien, 2011-02-27 New South? Not really. A compelling demonstration that the South's regressive taxation wreaks so much havoc that the federal government has no choice but to swoop in at great cost and attempt to band-aid all the poverty and dysfunction. The best argument yet for a new federalism that says enough is enough.—David B. Grusky, Stanford University “Taxing the Poor makes extremely important points that are not now—but must be—part of the American discussion of poverty and social policy. The authors make these points with fascinating details on the history of how we got to this place. Bravo to Newman and O’Brien for thoroughly laying out a political economy of taxation.”—Robin Einhorn, author of *American Taxation, American Slavery*
