When he learns some creep is bothering Bianca, Sergei Sakharov vows to protect her at all costs. He's been trying to get close to the plus-sized beauty for months but she rejects him at every turn. He's determined to show her that he's worth more as a man than his criminal connections. But Sergei's loyalty to his family-both blood and criminal-put him at odds with the future he wants with Bianca. Child Wonder Roy Jacobsen,2011-09-27 *Winner of the prestigious Norwegian Booksellers' Prize* *A Barnes & Noble Discover Great New Writers Selection (Holiday 2011)* A glorious evocation of a Norwegian childhood in the early sixties by an author short-listed for the 2009 Dublin IMPAC Award Little Finn lives with his mother in an apartment in a working-class suburb of Oslo. Life is a struggle to make ends meet, but he does not mind. When his mother decides to take a lodger to help pay the bills, he watches with interest as she freshens up their small apartment with new wallpaper and a sofa paid for in installments. He befriends their new male lodger, whose television is more tempting to him than his mother would like. When a half sister whom he never knew joins the household, Finn takes her under his wing over an everlasting summer on Håøya Island. But he can't understand why everyone thinks his new sister is so different from every other child. Nor can he fathom his mother's painful secret, one that pushes them ever farther apart. As summer comes to a close, Finn must attempt to grasp the incomprehensible adult world and his place within it. *Child Wonder* is a powerful and unsentimental portrait of childhood.

Roy Jacobsen, through the eyes of a child, has produced an immensely uplifting novel that shines with light and warmth.

Nikolai 2 (Her Russian Protector #6) Roxie Rivera, 2014-08-20 Vivian embraces her new position as Nikolai's wife and the lonely, dangerous role as queen of Houston's underworld. But Nikolai is keeping secrets from her, and the whispers of a coming street war leave her terrified for the man she so passionately loves-- and the tiny life growing inside her. Nikolai finally has everything he's ever wanted but he finds himself drawn into a bloody conflict that threatens the quiet life he's painstakingly built. One wrong move, and he won't see another sunrise. To protect his family, he'll do absolutely anything... and Houston's underworld will never be the same again.

A Bend in the Stars Rachel Barenbaum, 2019-05-14 All the Light We Cannot See meets The Nightingale in this literary WWI-era novel and epic love story of a brilliant young doctor who races against Einstein to solve one of the universe's great mysteries. In Russia, in the summer of 1914, as war with Germany looms and the Czar's army tightens its grip on the local Jewish community, Miri Abramov and her brilliant physicist brother, Vanya, are facing an impossible decision. Since their parents drowned fleeing to America, Miri and Vanya have been raised by their babushka, a famous matchmaker who has taught them to protect themselves at all costs: to fight, to kill if necessary, and always to have an escape plan. But now, with fierce, headstrong Miri on the verge of becoming one of Russia's only female surgeons, and Vanya hoping to solve the final puzzles of Einstein's elusive theory of relativity, can they bear to leave the homeland that has given them so much? Before they have time to make their choice, war is declared and Vanya goes missing, along with Miri's fiancé. Miri braves the firing squad to go looking for them both. As the eclipse that will change history darkens skies across Russia, not only the safety of Miri's own family but the future of science itself hangs in the balance. Grounded in real history -- and inspired by the solar eclipse of 1914 -- A Bend in the Stars offers a heart-stopping account of modern science's greatest race amidst the chaos of World War I, and a love story as epic as the railways crossing Russia.

Everyday Stalinism Sheila Fitzpatrick, 1999-03-04 Here is a pioneering account of everyday life under Stalin, written by a leading authority on modern Russian history. Focusing on the urban population, Fitzpatrick depicts a world of privation, overcrowding, endless lines, and broken homes, in which the regime's promises of future socialist abundance rang hollowly. We read of a government bureaucracy that often turned life into a nightmare, and of how ordinary citizens tried to circumvent it. We also read of the secret police, whose constant surveillance was endemic at this time, and the waves of terror, like the Great Purges of 1937, which periodically cast society into turmoil.

The Goblin Mirror C. J. Cherryh, 1992 Things weren't right in the little kingdom of Maggiar, so the princes Bogdan and Tamas set off to seek an answer to the kingdom's troubles in the world over the mountain, a world they knew only from legends. But that glorious place was great no more. The goblins had declared war, and no one--especially not visitors were safe from the raging battles, the darkest sorcery, and the evil that roamed the land....

Collateral 2 Roxie Rivera,2023-06-15 After their wild night running from Houston's criminal underworld, Ben and Aston have been inseparable. Refusing to choose between the only family he's ever known--the Albanian mafia--or building a life with sweet, innocent Aston, Ben walks a careful line. He's not giving her up without a fight. But the loose ends left unclipped from that first fateful night together are threatening to strangle the future Ben and Aston so desperately want. Calvin, her sadistic stepbrother is gone, but even in death, he's found ways to torment her. He left behind a tangled web of schemes and lies that threaten to set Houston's underworld on fire. When Aston discovers an unexpected consequence from her torrid night with Ben, she refuses to let Calvin and his terrible secrets hurt the people she loves. Whatever it takes, whatever the risk, she'll keep them safe. Even if that means betraying Ben's criminal family...

But her older sister likes that fast, easy money and finds herself in a hot mess of trouble when she helps her boyfriend scam Houston's underworld. Terrified for her sister and herself, Shay turns to the only man powerful enough to save them-former prize fighter and Russian mob enforcer Alexei Sarnov. Just as ruthless in business as he was on the streets, Alexei has built a new life as a respected, wealthy businessman. But now that she's under his protection-and under his hands-Alexei realizes that he wants and needs more than he's ever dared to hope for in his harsh life. European-Russian Space Cooperation Brian Harvey,2021-04-11 The story of European-Russian collaboration in space is little known and its importance all too often understated. Because France was the principal interlocutor between these nations, such cooperation did not receive the attention it deserved in English-language literature. This book rectifies that history, showing how Russia and Europe forged a successful partnership that has continued to the present day. Space writer Brian Harvey provides an in-depth picture of how this European-Russian relationship evolved and what factors—scientific, political and industrial—propelled it over the decades. The history begins in the cold war period with the first collaborative ventures between the Soviet Union and European countries, primarily France, followed later by Germany and other European countries. Next, the chapters turn to the missions when European astronauts flew to Russian space stations, the Soyuz rocket made a new home in European territory in the South American jungle and science missions were flown to study deep space. Their climax is the joint mission to explore Mars, called ExoMars, which has already sent a mission to Mars. Through this close examination of these European-Russian efforts, readers will appreciate an altogether new perspective on the history of

space exploration, no longer defined by competition, but rather by collaboration and cooperation.
